MOTTO ON COINS NEAR SACRILEGE

President Tells Why Old Inscription
"In God We Trust" Was Omitted
From New Gold Coinage.

ROOSEVELT IN REPLY TO MANY PROTESTS

Washington, Nov. 12.—In answer to one of the numerous protests which have been received at the white house against the new gold coin which have been coined without the words "In God We Trust," President Roosevelt has written a letter which today he made public. The letter follows:

"When the question of the new coinage came up we looked into the law and found there was no warrant there for putting 'In God we trust' on the coins. As the custom, although without legal warrant, had grown up, however, I might have felt at liberty to keep the inscription had I approved of its being on the coinage. But as I did not approve of it, I did not direct that it should be again put on. Of course, the matter of the law is absolutely in the hands of congress and any direction of congress in the matter will be immediately obeyed. At present, as I have said, there is no warrant in law for the inscription.

Very Near Sacrilege.

"My own feeling in the matter is due to my very firm conviction that to put such a motto on coins, or to use it in any kindred manner, not only does no good, but does positive harm, and its effect, irreverence, which comes dangerously close to sacrilege. A beautiful sentence such as the one in question should be treated and uttered in that respect that it implies a certain exaltation of spirit. Any use which tends to cheapen it, and above all, any use which tends to secure its being treated in a spirit of levity, is from every standpoint profoundly to be regretted. It is a motto which it is indeed well to have inscribed on our great national monuments, in our temples of justice, in our legislative halls and in buildings such as those at West Point and Annapolis—in

WILL MR. HARRIMAN HAVE TO REPLY TO QUERIES?

Attorneys Now Fighting
Out Question Before
Judge Hough.

New York, Nov. 12.—Arguments on the interstate commerce commission's motion to compel E. H. Harriman to answer certain questions put to him during the commission's investigation of railroad affairs were begun before Judge Hough in the United States court today. Judge Hough said he would allow each side three and one-half hours to present their case.

United States District Attorney Simson opened for the interstate commerce commission. He said that the commission before starting the investigation, during which Mr. Harriman was asked the questions which he has declined to answer, had stated the object of the investigation. This object, Mr. Simson said, was to inquire into various combinations and consolidations of an alleged violation of the law by certain railroads engaged in interstate commerce.

What He Refused to Answer.

The questions Mr. Harriman refused to answer related to the purchase of the stock of other roads in the interest of the Union Pacific and to the Union Pacific dividend. In re-

Confederate Chaplain Has
No Knowledge of Far-
ragut or Grant.

Richmond, Va., Nov. 12.—Considerable interest has been aroused in Richmond over the assertion that General Grant at one time offered his services to President Davis, of the confederacy. Dr. J. William Jones, chaplain and historian of the confederacy, said that he had no knowledge of either Grant or Farragut having made such an application.

"There can be absolutely no doubt, however," continued Dr. Jones, "in the case of Thomas. I have published the matter time and again and will state most emphatically that I have in my personal possession a letter from General George H. Thomas which admits that at the time of the secession he applied for a commission to enter the confederate service."

CENTRAL LORD CHARLES BERTHOUD

DEAR ADMIRAL JIM PERCY SCOTT

FRANCE IS ANXIOUS TO SHOW HONOR TO TAFT

Emperor William's Invita-
tion May Change Secre-
tary's Itinerary.

Paris, Nov. 12.—The French government is greatly pleased at the reported decision of Secretary Taft to stop in Paris, while on his way back to the United States from the far east, and is anxious to show its appreciation by the bestowal of signal honors on the American statesman during his visit here. A dinner in his honor by President Fallieres doubtless will form part of the program, but everything will depend on the length of the secretary's stay.

Beyond the fact that he is expected to arrive December 12th, nothing definite is known on the subject, and even the date on which it is said he will arrive here may now be changed, as complications have arisen which may modify Mr. Taft's itinerary after leaving St. Petersburg.

Emperor William had expected to receive Mr. and Mrs. Taft at Berlin, but subsequent to the secretary's departure from Manila for Vladivostok, the German emperor, upon the advice of his physicians, decided to spend some time in England, after his official visit to King Edward at Windsor castle, and therefore he will not be in Berlin between December 6th and 9th, while Mr. Taft will be there.

In view of this change of plans the emperor has now graciously invited Mr. and Mrs. Taft to visit him in England. This invitation, which was extended through Count von Tattenberg, the American ambassador to Germany, who is now in Paris, should reach Mr. Taft upon his arrival at Vladivostok Nov. 18. Mr. Tattenberg believes the secretary will accept the invitation, which necessarily will involve a rearrangement of his itinerary. The ambassador, however, also expects that the remainder of the Berlin program for Mr. Taft's entertainment, which includes a reception by the members of the American colony and embassy and a dinner to be given by Ambassador Tattenberg, will be carried out, and at which he will meet a number of the high German functionaries of state, to stand.

Revival of efforts in the project to make the Maumee river a navigable stream between Fort Wayne and Toledo is bringing from many quarters assurances of interest and promise of support in the matter, and it also develops the fact that the prominent pioneer residents of Fort Wayne consider the project entirely feasible.

This is brought out forcibly in a letter just written by John Paul Jones, of Toledo, to Charles S. Bash, of this city. Mr. Jones is secretary of the Northwestern Ohio Masonic Relief as-

Half an Hour.

Asheville, N. C., Nov. 12.—Further particulars of the killing of young William Franklin at White Rock, N. C., by Clarke Norton, both of whom were members of well known families, state that Norton went to the home of George Franklin, where Elizabeth Gentry, over whom the killing was about, lived.

He had a marriage license and a revolver. After killing Franklin, his rival for Miss Gentry's hand, Norton and Miss Gentry left for a near-by minister's and were married within half an hour afterward.

Norton was not arrested until the following morning, when he was taken to jail at Marshall, N. C. He was accompanied by his bride, who begged to be allowed to go with him, but was refused. The bride is a pretty 17-year-old girl.

Indianapolis, Nov. 12.—A special to the News from Kokomo, says: Bondsman for Howard L. Bull, county clerk, and others having business connections with him, are preparing to investigate his accounts with the county. Meanwhile Mr. Bull is critically ill with nervous prostration at his home in this city.

Mr. Bull is well known in local business circles. He told some of his friends a few days ago that he was heavily involved financially.

It is said that if the clerk's books are audited at this time he will be found to be owing various funds in his office approximately \$8,000. Nothing official is known on this point, however.

BRADLEY CASE NOW UNDER WAY AT WASHINGTON

Seeking Jury for Trial of
Woman Who Killed For-
mer Senator.

Washington, Nov. 12.—The trial of Mrs. Annie M. Bradley, charged with the murder of former United States Senator Brown, of Utah, was resumed today in district criminal court No. 1. The case had been postponed from last Monday, when it was called for the first time, until today, on account of the death of Justice L. E. McComas, of the court of appeals of the District of Columbia, and Mrs. Bradley has had two days of rest after her first appearance in court.

She made her appearance promptly and was again the object of general attention. As on Monday, the court room was crowded and much interest was manifested in the least important details connected with the case. Among those present were the twenty-six jurymen belonging to the regular panel, and soon after the beginning of the session the court began the selection of the twelve men before whom the facts will be presented.

The names of the men on the regular panel were first called, but it was generally believed that it would be exhausted long before the jury should be secured. The case has attracted so much attention from the time of the tragedy last December that most people in the district have formed some opinion and it is generally believed that it will be difficult to secure twelve men who are unprejudiced to sit in the case. Mrs. Bradley's counsel say, however, that they do not propose to be over particular in the selection of the jury and that all they want is men of intelligence and fairness.

Mrs. Bradley promptly followed Judge Stafford into the court room and taking her seat just back of her counsel faced the court squarely. The proceedings of the day were begun

York Today.

New York, Nov. 12.—More than \$60,000,000 in gold has been engaged abroad for import to the United States since the present movement began. Announcements today of engagements of \$200,000 by the First National bank of Chicago, \$500,000 by the Illinois Trust and Savings bank and \$1,000,000 by banks in New Orleans brought the grand total to \$60,330,000.

Gold to the amount of \$8,000,000 arrived here today on the steamer Oceanic from Liverpool.

Berlin, Nov. 12.—On the house to-day the continued American demand for gold and the offering of treasury bills in the open market by the Imperial treasury exercised a depressing influence and prices in all departments weakened.

Gold continues leaving the Imperial bank for America, but the amounts are lighter than last week.

TWO MEN BLOWN TO ATOMS; THIRD WILL DIE

Bradner, Ohio, Nov. 12.—At 7:30 today the Hercules nitro-glycerine factory, located a mile and a half east of this place, blew up with terrific force. Only three employees were in the neighborhood when the explosion occurred.

The Dead.

W. WISCO, burned to death.
JOHN WASHBURN, blown to fragments.

Seriously Injured.

Henry Easton, superintendent of the factory, will probably die. A residence near the scene of the accident was utterly demolished and it is not known whether the occupants have all escaped.

Nothing remains of the factory excepting a huge pit in the earth, showing where it was located. In Bradner no great damage was done except to

windows and mirrors, which were shattered by hundreds.

Cisco met a terrible death. He was battered up by the explosion and fell among the debris, which caught fire, and he was burned to death. The shock of the explosion was felt at Upper Sandusky and other towns forty miles away.

Concussion Plainly Evident Within Radius of Sixty Miles.

Upper Sandusky, O., Nov. 12.—A terrible concussion was felt here today, caused by the explosion of nitro-glycerine at Bradner, Ohio, in Wood county, forty miles distant. The concussion was very distinct.

Reports throughout this section are to the effect that the explosion was felt in nearly every village within sixty miles of Bradner.

SCHADEN ACQUITTED BY VERDICT OF THE JURY

State Loses Out in First
Saloon Case in Circuit
Court.

After wrestling for twelve hours with the question of the guilt or innocence of William C. Schaden, charged with permitting persons other than members of his family in his saloon on Sunday, October 6, a circuit court jury came to an agreement at midnight Tuesday night, and this morning returned a verdict of acquittal.

After the finding had been returned and the jury discharged, Schaden took occasion to shake hands with the members of the panel and extended an invitation to each to "take something" on him. The state based its case upon the testimony of Councilman Otto Seidel who stated that on the Sunday in question he bought a beer for himself and a cigar for a friend in Schaden's place, and Patrolman Frank Cheviron stated that he saw the men come out of the swinging doors leading down from a cigar store to the saloon. The defense was that Schaden had been closed every Sunday last summer.

In rebutting this members of the Good Citizenship league declared that they were in the saloon between the dates Schaden claims to have been closed and that drinks were purchased of him or his barkeepers. The defense devoted its energies toward confusing the jurors as to dates and apparently succeeded.

The liquor forces regard the verdict a big victory but Deputy Prosecutor Harry W. Nixson stated that he would continue the trials on the grand jury indictments and get them set down as rapidly as possible. The next one is that of Henry Hockemeyer, who has a place on South Calhoun street.

The jurors who tried the case are Alexander Ziegler, Conrad Trefle, John Harper, John Meyers, John Snyder, Thomas Tierman, Charles W. Bussard, John Motherwell, William Jones, Benjamin McIntosh, Conrad Nagle and Oscar Menefee.

Iowa Congressman Picks
Roosevelt and Bryan as
the Nominees.

Des Moines, Iowa, Nov. 12.—Congressman J. A. T. Hull, chairman of the house committee on military affairs, said today after returning from Washington, where he had a conference with the president:

"Roosevelt will be renominated, forced to accept the nomination and elected president for four years more. Bryan will be the nominee of the democrats and the country will see the hottest campaign in history. The result of political sentiment is all to Roosevelt, although the situation will be complicated if Hughes should carry the New York delegation and he is gaining strength rapidly. With Roosevelt out of the race, Speaker Cannon stands as good a chance for the nomination as any one."

He deposited a certified check for the amount and was released.

John E. Minor, an alleged partner in the enterprise which the government officials declare was a lottery, and Miss Cora Green, a secretary, were arraigned and their cases were continued to Nov. 22. Officers are searching for Walter Schimbasky, a bookkeeper in the employ of the Old Reliable company.

gard to the \$28,000,000 Illinois Central stock purchased at \$175 a share the questions which Mr. Harriman declined to answer are as follows:

"Were the 30,000 shares sold by yourself, Mr. Rogers and Mr. Sullivan pooled?"

"Was it acquired for the purpose of selling it to the Union Pacific?"

"Was the stock purchased by you at a much lower price than \$175 with the intention of turning it over to the Union Pacific?"

"Did you have any interest in the 105,000 shares sold at the same time by Kuhn, Loeb & Co. to the Union Pacific?"

"Was that 105,000 shares acquired by the same pool for the purpose of selling them to the Union Pacific?"

"On the subject of the Union Pacific dividend which was increased from a rate of 6 per cent. to 10 per cent. per annum on August 15, 1906, with a subsequent rise in the price of the stock, Mr. Harriman declined to answer the following:

"Were you directly or indirectly interested in any stocks that were bought between July 19 and August 17 that depreciated?"

"Did you or any director buy any Union and Southern Pacific stock in anticipation of that dividend?"

Mr. Harriman's Contention.

In a brief which was filed with the court yesterday, Mr. Harriman set forth at length his contention as to why he should not be compelled to answer the commission's questions. He takes the ground that the commission in asking the questions sought to go beyond the power conferred upon it by Congress and that to force him to reply to the questions under the circumstances would be to deprive him of liberty without due process of law.

Mr. Stimson pointed out that the Union Pacific controlled the line of road from Omaha to Portland and the Southern Pacific company a line of road from New Orleans to Portland. He said Mr. Harriman had authorized powers over the Union Pacific, Southern Pacific and Oregon lines that was, in fact, the Union Pacific system.

Mr. Stimson further outlined the case of the Harriman system and said that among stocks bought were Alton, Illinois Central, Atchafalpa, Baltimore & Ohio, St. Paul and others. The Union Pacific invested nearly \$150,000 in this way, he said, and Mr. Harriman took the entire responsibility on his own shoulders.

Has Inquisitorial Powers.

Mr. Stimson referred to purchases of stocks by Union Pacific and said that he was not prepared to answer to certain questions. He said all of these questions were merely to ascertain if any stock was bought for Union Pacific from its officers or directors. The position of the commission, said the district attorney, is that it is a standing committee of Congress vested with inquisitorial powers.

Mr. Stimson then cited numerous cases to show that the interstate commerce commission had powers to demand the facts sought. Interest was added to the proceedings today by the first appearance of former Senator John C. Spooner, of Wisconsin, as an attorney for Mr. Harriman.

What the commission is endeavoring to learn from the questions asked of Mr. Harriman is, said Mr. Stimson, whether or not the enormous stock investments made with Union Pacific funds amounted to a waste of the assets and impairment of the facilities of an interstate common carrier, and whether the nature of such investments would be made subject to the regulation of Congress.

SOME TRANSACTIONS IMPROPER.

Mr. Stimson asserted that immoral and improper transactions were responsible for the position in which some of the railroads now find themselves. He quoted from a statement by Robert Mather, president of the Rock Island railroad, in which it was said that railroad directors who purchased stock from themselves were largely responsible for the wave of distrust which has swept the country, the inaccuracy being but natural that where world-wide rules of honesty and fidelity had been violated in one company, the same condition might be expected in every corporation. It requires a great stretch of imagination and a large amount of nerve for Mr. Harriman to claim that the Union Pacific stock transactions are matters of private business, he said. "But even if they should be conceded to be private business no man has a right to withhold information pertaining to the matter at issue by claiming a privilege of private business. There is no such privilege."

twelve jurors. The defense had made but one change in the jury as it existed last night, having challenged peremptorily Andrew Campbell, a real estate dealer.

The government at once challenged Clinton A. Kerns, one of the men chosen for the defense on the ground that he was an acquaintance of Mr. Walsh. The government has exhausted two of its peremptory challenges and the defense one.

While the examination of jurors was in progress, the books of the Chicago National bank were being taken from trucks and carried into the court room in accordance with the order issued yesterday by Judge Anderson.

About five hundred of them were brought into the building.

The government will attempt to show that \$14,000,000 was removed from the Chicago National bank, the Home Savings bank and the Equitable Trust company while there was nothing on the books of the concerns to show such transactions. It will also be sought to prove that the manipulation of the books was so clever that the removal of the funds was entirely concealed, but that in the vaults of the banks the examiners discovered bond department checks and cashiers' checks that exposed the alleged frauds.

sociation. He has been connected prominently with affairs in Toledo for many years, and was also in close touch with many of the early Fort Wayne men of prominence. In the course of his letter to Mr. Bash Mr. Jones says:

"I was much pleased to see an article in the Blade of last Saturday, Nov. 9, showing a revival of the formerly talked of waterway connection with Toledo, and perhaps eventually between Lake Erie and Lake Michigan. Having been a resident of Toledo for many years past, and connected quite extensively with railroads and newspapers, this subject has always seemed to me as within the reach of the country through which it is proposed to locate, and I am firmly of the opinion that the scheme is entirely practical and will, with united effort, be carried through successfully."

"The connection with the St. Joe river has been talked of, using the Maumee river or Wabash canal from Grand Rapids, Ohio, as an eastern outlet. The widening and deepening of the canal from Grand Rapids ought not to be a difficult task—or placing locks at Maumee to reach lake level. It was my pleasure to have talked with Hon. Jesse L. Williams, late of your city, on this matter, and he favored me with articles upon this subject a number of times while I was connected with the Toledo Blade from 1866 to 1876. I also often talked with the late Bailey Hitchcock, esq., a former chief engineer of the Toledo and Wabash railway, one of the ablest civil engineers in the United States, who always held to the practical working of a canal connection between Toledo and Chicago via the Maumee and St. Joe rivers."

"In my varied career I have talked with older men of your city on this important topic. Among others Messrs. Edgerton, Ewing, Hoagland, Hanna, Jenkins, Bowser, Capt. McKinnis, Richard Chute, E. V. McMaken (our former postmaster), Capt. George Dutch Davis and William Finlay and Mr. Mix, of Lafayette, all of whom were of the opinion that the proposed scheme was practical. Of course our "dockmen" all favored it on general principles, as it would give Toledo a fine position in the transportation way—not omitting the important fact that Chicago grain and other shippers could feel almost certain of from four to six weeks earlier opening of navigation in the spring and an equal gain of time in the fall closing of navigation—exceedingly valuable advantages."

"Again I say, go on with the good work, and may success attend your efforts. On the rapids (so-called) topic, the Maumee is not unlike many other streams. They can be overcome, as our engineers and improved appliances for blasting and removal of rock in rivers, wing dams, etc., easily overcome such obstacles. Even on the rapids at Rock Island, Ill., with our "Father of Waters," the Mississippi river, it was my privilege some few years ago to witness the channel freed of water by coffer-dams where the spike-head on flat-bottomed boats had worked their way over land—yet Uncle Sam finally furnished a satisfactory channel through that rock-lined point."

"Much interest is manifested in the public meeting to be held in the court house assembly room Saturday evening to discuss the Maumee river proposition. Judge R. S. Taylor and others will address it. Special invitations have been sent to the members of the city council and the Federation of Labor to be present."

with the admission of Judge O. W. Powers, of Salt Lake City, as a member of the bar of the District of Columbia and this ceremony was followed immediately by a brief statement by Assistant Prosecuting Attorney Turner concerning the crime with which Mrs. Bradley is charged.

Defendant is Embarrassed.

He merely said that the charge was that of murder in the first degree in shooting "One Arthur Brown" at the Raleigh hotel in this city on December 8th, who lingered until the 13th, when he died. The statement was evidently embarrassed the defendant to a considerable degree. She placed her gloved hands to her face and her hand shook perceptibly. She was apparently much relieved when Mr. Turner concluded and the court turned to the duty of selecting a jury.

Twelve men of the regular panel were called to the jury box and James L. Feeney, a native of New York, the first man who was interrogated, passed through the ordeal of the questions of the lawyers of both sides without provoking a challenge.

Caused a Demonstration.

"I just wouldn't vote that way," said Charles H. Wilcox, an insurance man and a native of Georgia, in such clear and distinct tones as to cause a general demonstration throughout the court room, when asked to explain his expressed prejudice against a capital punishment for a woman. He was promptly excused by a recess of the court. When the court took a recess for luncheon there were twelve men in the jury box, but all of them were still subject to challenge. The regular panel had been exhausted.

The emperor and empress after luncheon returned to Paddington station on their way back to Windsor, by different routes, and everywhere were greeted in the heartiest manner by the large crowds assembled. Shown That He Did Not Sell Liquor to Crawford—City Court.

Ernest Hinkle was acquitted in the city court today for selling liquor to William Crawford, who was intoxicated, and an affidavit was filed against William Betzell, his bartender.

Crawford was arrested the next day after the explosion of the dynamite in the alley east of the Arcade and held pending an investigation of any possible connection he might have had with the affair. He was charged with drunkenness and convicted, and although he pled not guilty, Patrolman Dickinson testified that he arrested him in Hinkle's saloon at a time when he was leaving the bar after having had a glass of beer. The patrolman said Crawford was drunk.

Wanted to Be a Sport.

James O'Bryan was engaged in an effort to take a free ride on one of the fastest trains on the Pennsylvania road last night when he was chased off the right of way and afterward arrested for drunkenness by Patrolman Elliott. In court this morning he entered a plea of guilty and said he guessed because he was full he wanted to be a sport and ride on a fast train. He had contented himself, he admitted, with a slow freight when he was sober.

Dora Parker Still Defiant.

Dora Parker was still defiant when she was brought into the city court this morning and commenced to talk about her rights. She was not on trial and finally became so belligerent that she was locked in a cell and her case was continued until next week.

Peelman is Held.

William Peelman, accused of having given checks for some money to a saloonkeeper at Celina, O., and of having drawn the money from the bank before they could be presented, was held as a fugitive from justice.

THE DEATHS.

KOERDT.

Mrs. Clara Koerd, who was formerly housekeeper for the late Rev. Father F. Koerd, long pastor of St. Peter's Catholic church, died very suddenly at her home, 423 East Taber street, Tuesday afternoon.

Physicians who were called ascribe the death to the rupture of a blood vessel. Mrs. Koerd had been in apparently her usual health, and about 2:30 o'clock went to the woodshed on her premises to procure some kindling. In stooping over she suffered the rupture of a blood vessel and sank to the ground, expiring in a few minutes.

Mrs. Koerd's age was 58 years, 10 months, 14 days. She was born in Germany, but came to America when a child. In Cincinnati she was married to Casper Koerd, and they moved to Sheldon. After the death of her husband Mrs. Koerd came to Fort Wayne and was housekeeper for the late Father Koerd. She is survived by a daughter in this city and two sisters in Germany.

Funeral services will be held Saturday morning at 8:30 from the residence and at 9 o'clock from St. Peter's church. The interment will occur at Sheldon.

Mrs. Koerd was a resident of Arcola for twenty years, the death of her husband occurring there thirteen years ago. She was a member of the Rosary, Altar and Christian Mothers' societies of St. Peter's church. Her only daughter, Miss Mary Koerd, is a music teacher.

SHROYER.

The infant daughter of Mr. and Mrs. H. V. Shroyer, 1509 Hurd street, died Tuesday evening at the age of one day. The father is a conductor on the Pennsylvania railroad.

The remains will be taken to Roanoke for interment.

FUNERAL ANNOUNCEMENTS.

Short.—Funeral services of Mrs. Lydia Short will be held Sunday afternoon at 2 o'clock from the residence, 1306 Elm street.

Bierbaum.—Funeral services of William Bierbaum will be held Thursday afternoon at 2 o'clock from St. John's Reformed church.

SAID HE HAD BEEN ROBBED.

Alfred Cartwright Stated Two Men Held Him Up and Took His Money.

Alfred Cartwright, who lives five miles west of the city on the Huntington road, reported to the sheriff this morning that he had been robbed Monday night by two men. He says he was on his way home from the city and at the Grand Rapids railroad bridge over Main street, two men asked him for a ride. He took them in his buggy and he says after they passed the bootjack saloon he remembers nothing more. He had a scalp wound which he said had been inflicted by the robbers who took \$4 in silver and missed \$30 which he had hidden under his underclothing. Cartwright said he lay by the roadside all night. His horse went home and was found next morning at the gate.

BANK TOOK THE BONDS.

The Citizens' bank, of Monroeville, today took the entire issue of bonds for the McArdle stone road in Monroe township. The total amounted to \$5,600.

The scope of the society is to be world wide.

HICKMAN FILES ACTION FOR AN ALLEGED SLANDER

(Continued from Page One.)

States He Was Accused by Henry M. Williams of Placing Bomb.

Elmer E. Hickman has filed suit in the superior court against Henry M. Williams alleging that he has been slandered and seeking to recover \$1,000 which he states was the extent to which his reputation was damaged.

He says in his complaint that Mr. Williams stated that he had placed the bomb back of the Jackson saloon that exploded on October 23 and broke most all of the window glass in the neighborhood. For this he believes he is entitled to the sum asked. Emrick & Emrick filed the suit.

Asked Change of Venue.

In the superior court today Judge S. M. Hensch asked for a change of venue from the county in the suit of Hassan Farah against Kaseel Shaheen. It will probably be sent to DeKalb county for trial. The principals are Syrians and the action is on a note.

Juries Are Drawn.

The commissioners this morning drew the names of the grand and petit juries for the November term of the circuit court. The names are as follows:

Grand jury—Levi W. Gerdling, Lake township; William Scheuman, Marion; James Studer, Aboite; Willard Moss, Benjamin Diebold, Perry; William Hahn, Fort Wayne.

Petit jury—C. Brunner, Theodore Geller, Fort Wayne; Frank P. Bobay, Martin Goeglein, St. Joe township; George A. Trease, Cedar Creek; Henry F. Schoppman, Maumee; Henry Schlaudron, Marion; William Gailmeyer, George H. Koshlinger, Adams; E. H. Kruse, Washington; Charles Greenwalt, Scipio; Charles G. Fiegel, Madison.

Two New Divorce Cases.

Mollie E. Strain wants a divorce from Clarence O. Strain because she alleges he is an habitual drunkard, has boasted that he never drew a sober breath, called her bad names and accused her of infidelity. In support of her allegation that he failed to provide for her she alleges he bought her no clothing except a hat for \$4 and a suit for \$12. They were married in March, 1901, and lived together until last June. Judge R. B. Dreihelbiss is her attorney.

Louise Clem seeks a divorce from John Clem to whom she was married in January, 1906. She had him arrested for fraudulent marriage shortly after their wedding and she now charges that he has deserted her and fails to provide. Emrick & Emrick filed the suit.

WOMAN BURNS TO DEATH.

Clothes Caught Fire While She Was Smoking a Pipe.

Petersburg, Ind., Nov. 13.—Mrs. Mary Brown was burned to death today. While smoking a pipe her clothes caught fire and she received fatal burns before help could reach her. She was eighty years old.

Mr. and Mrs. George Dipton were the guests during their stay in the city of Judge and Mrs. R. B. Dreihelbiss. Mr. Dipton is proprietor of the Hi Henry Ministrel company and is a cousin of Mrs. Dreihelbiss.

W.L. DOUGLAS

THE \$3.50 SHOES

Men in every walk of life, in all professions and trades, the gentleman of leisure and the workingman—all wear W.L. Douglas \$3.50 shoes because they are the best.

\$25,000 Reward
To any one who can prove that W.L. Douglas shoes do not make and sell more money than any other shoe made by any other manufacturer.

THE REASON W.L. Douglas \$3.50 shoes are worn by more men in all walks of life than any other make, is because of their excellent style, easy fitting and superior wearing qualities. The selection of the leathers and other materials for each part of the shoe, and every detail of the making is looked after by the most complete organization of superintendents, foremen and skilled shoemakers, who receive the highest wages paid in the shoe industry, and whose workmanship cannot be excelled.

If I could take you into my large factories at Brockton, Mass., and show you how carefully W. L. Douglas \$3.50 shoes are made, you would then understand why they hold their shape, fit better, wear longer, and are of greater value than any other \$3.50 shoe.

My method of tanning the bottom soles produces more flexible and longer wearing leather than any other tanning.

Morgan's Library Also a Temple of Sound Finance

J. P. MORGAN'S LIBRARY

New York, Nov. 13.—As a temple of sound finance as well as the home of art and literature, the library of J. Pierpont Morgan has become famous in the last two or three weeks, for there he invited eminent bankers to consider with him the exigencies of the situation in Wall street. The classically modeled building in East Thirty-sixth street will be known the world over hereafter as the scene of the most important meetings ever held in financial history.

As a structure there is none more remarkable on this continent. Its beauties within and without are such that it may be called an architectural jewel. So exquisitely is it designed that the artistic ideas embodied in it do not appear at once, but dawn upon the observer after careful study. The building has a frontage of 115 feet and is in a T form, the extreme depth being seventy-three feet. Its architecture is of the Italian Renaissance period, and at first the exterior seems almost plain in its

simplicity. It is a one-story structure of Tennessee marble. The blocks are massive and selected with a view to perfection in color and texture. The walls are four feet in thickness, and the inner one of brick is separated from the marble by a space of four inches.

Fashioned and polished to a nicety, the blocks of marble fit with mathematical exactness. No mortar binds them, for they are set in metal, and so carefully are the joints put together that one may pass his hand over the smooth outer surface without being able to detect by the sense of touch where they exist. The cornice of the building costs many thousands and was the result of months of work by skillful artisans.

Entrance to the library is from Thirty-sixth street, by a short flight of broad steps, on either side of which is a lion in marble. The entrance hall itself is supported by four large Cipollino marble columns, brought from an ancient Roman temple. They

hold the dome roof, which was designed after the Sala della Sagramanta, by Raphael, in the Vatican. There are in the ceiling four medallions, representing literature, art, music and religion. The rear part of this hall runs off into an apse.

There are three rooms in the library, counting the hall as one. The other two are connected with it, and may be separated by doors of bronze designed by Marion Storr, a widely known sculptor. The two rooms are in rich Venetian style, and one has a coffered wooden ceiling many centuries old.

Rare brocades cover the inner walls, together with rich stuffs which have adorned Italian palaces, and the effect is enchantingly picturesque. The bookcases which are placed against the walls are low, and are fashioned of unvarnished Cretan walnut. They have doors with wide meshed screens of wire behind which may be seen treasures which are the delight of the bibliophile.

Ambitious to develop their town as a manufacturing center, as well as a trading and distributing point for an extensive and rich agricultural section, the citizens of Nappanee have made a tentative standing offer of \$35,000 to encourage the building of an electric line into that place.

A double funeral service was held Tuesday at the Euelling German Lutheran church, seven miles north of Decatur, for Mr. and Mrs. Frederick Kunkelhan, the aged couple who were killed by a Pennsylvania train at Maples Saturday evening while driving to New Haven. Six children survive.

Knights of Columbus at Decatur gave a social session Tuesday evening in honor of the thirty-fifth anniversary of the ordination of Rev. Theo. H. Wilken to the priesthood. A large number of Catholic clergy were in attendance, including Rt. Rev. Bishop Aldering and Rt. Rev. Mgr. Oechterling, of Fort Wayne.

Heart sick and humiliated because her wedding day had been several times deferred, Miss Ida May Tompkins, of Elkhart, 22 years of age, ended her life Tuesday by taking poison. She had swallowed "Rough on Rats" during the night, and when found was near death. It is said she had quarreled with her lover the day before.

One-third of all the machinery in the great eastern city is turned by the great waterfall thirty miles away. At Benton a man touches a lever and within a few seconds Syracuse and Milford are illuminated with electricity.

Charles Borne, of Bluffton, now has in his possession a Knights of Pythias pin which was worn by his father who died nineteen years ago when the son was but a small boy, and it lay in the grave with his father for nineteen years. The son has been a member of the Pythians for some years, and when a few days ago it was decided

to transfer the remains of the father to another cemetery the emblem was removed from the coat of the dead man and given to the son, who treasures it highly.

The president stated that several clubs are out for new managers and a berth of that kind may be offered to Dennis.

STARVATION SITS AT LOADED TABLES

You Can Lead a Dyspeptic to The Table, But You Cannot Make Him Eat.

There comes a time in the lives of a great many men and women when even a sirloin steak ceases to be poetry. It becomes a prison, a torment, a source of pain and grief. Nothing on the bill of fare can coax it and yet it lingers. This makes eating a mere matter of machinery—the mouth doesn't water. The stomach has been worked overtime, and the body and brain are paying the penalty.

There are thousands of people in every station of life who are walking the earth with a dejected forlorn appearance, and a look of misery on their faces.

What if a Man Gains the Whole World—and Lose His Appetite?

today with dyspeptic stomachs. They wear a dejected forlorn appearance, their energy is at zero, nothing interests them, and they interest no one, their faces are shrunk, their nerves are wilted and their shoulders sag.

Everything on the table may look delicious, but nothing will be tempting. That's one sure sign of dyspepsia. If you have ever felt bloated after eating and imagined a most powerful food that you have felt your food lie "like a lump of lead" on your stomach, you have a dyspeptic stomach. It is difficult in breathing after a meal, suffered from eructations, burning sensations, heartburn, brash gas, and on the stomach, make up your mind you have dyspepsia. And the chances are you have had it a long time.

Your stomach is overworked, abused, tagged out. The gastric and digestive juices are weak, the muscles of the stomach are jaded, and the whole business needs new life. It needs something which will take hold of the food as it comes in and do the digesting, and let your stomach take a rest. Stuart's Dyspepsia Tablets do that very thing. They contain a most powerful ingredient which helps the stomach in the process of digestion, cures dyspepsia, sour stomach, indigestion, heartburn, eructations, acidity or fermentation. They invigorate the stomach, increase the flow of gastric juices, and do two-thirds of what the stomach would have to do without them. That gives the stomach some rest, and a chance to get right again. You will feel the change first in your mind and heart and then over your whole body. You'll feel rosy and sweet. That's the object. You can get these effective little tablets almost anywhere on earth for 50¢ a package. Send us your name and address today and we will at once send you by mail a sample package free. Address: P. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

FREE TRADE WITH PHILIPPINES.

President Roosevelt will recommend free trade on Philippine products in his annual message, as he did last year and the year before, but upon Secretary Taft will devolve the bulk of the task of effecting the necessary legislation.

The Philippine tariff bill passed by the house at the first session of the Fifty-ninth congress died in the Philippine committee of the senate, which was just what the house leaders expected when they permitted its passage there. It has not even been reported to the senate because of the lukewarm attitude of the members of the Philippine committee, of which Senator Lodge, of Massachusetts, is chairman.

Senator Lodge has declared himself in favor of the measure, but he has not stayed up at night to think of ways to help it. Neither have the other republican members of the committee, and Senator Dick, of Ohio, whose vote would have made a favorable report possible, is frankly hostile to the measure, because President Roosevelt is fighting him and Senator Foraker in Ohio.

Thus has the measure designed by Secretary Taft for the assistance of the Philippines in working out their own salvation been made the toy of factional politics in the republican party.

The measure is not a party measure at all. It is opposed by many democrats not because they are opposed to free trade with the Philippines, but because sugar and tobacco growing

states which they represent fear the free admission of these articles will injure their business. It is opposed by many republican insurgents who fear the free admission of sugar will hamper the growing beet sugar industry in their states.

Senators and representatives who never dare to oppose the administration on any other measure have opposed it on this and the forces of "standpatism" are fighting the bill on general principles because it embodies the principle of tariff revision.

The administration whip is not cracked so sharply at these insurgents as at those who have opposed other measures, although in the house, when the bill was pending, the president did send for some members and tell them to get into line. In the senate the bill was sacrificed while other administration measures went through.

Judge A. B. Anderson, of the United States district court of Indiana, is presiding as special judge in the trial of John R. Walsh, the Chicago banker who is charged with wrecking his big bank. The Indiana jurist is giving attorneys for the defense something of a nightmare by insisting that Walsh shall be tried just as any other person similarly charged would be tried in his court; that no special exceptions shall be made in his case, no unusual privileges granted, nothing done or permitted that would not be tolerated in the case of a man charged with an ordinary felony. The Chicago counsel appear hardly able to appreciate this sort of procedure.

The man who charged that Generals Grant and Thomas and Admiral Farragut at the outbreak of the war sought commissions in the military service of the confederacy retracts as to Grant and Farragut, but maintains that he can prove his statement as to Thomas. Perhaps. What of it? Thomas saw his mistake in time to avoid, if he ever was of mind to join fortunes with the confederacy, and what he did for the cause of the Union was as much as any did or could do. The same charge has been made as to the late Gen. John A. Logan. And Logan did some fighting for the Union that history will keep a record of for a long time.

New York's building commission, after due deliberation, has adopted a resolution limiting the height of future skyscrapers in the metropolis to 250 feet. There was but one dissenting vote—that of a well-known builder, who declared it perfectly feasible and safe to erect buildings 700 feet high! Constructed of fire-proof material only. There is no reason to doubt his estimate, but the ordinary construction with wood in floors, doors and windows cannot be regarded entirely safe at such altitude. Under this ruling the forty-one-story Singer building, not yet completed, will carry the banner in New York for some time to come.

The Indiana railroad commission has inaugurated its policy of fixing responsibility for fatalities in railroad accidents, especially in the case of wrecks. A case is now under investigation. The purpose of these inquiries is to bring about an observance of the laws which were designed to protect human life on the railroads.

There is not a very cheering prospect in the evident disposition of the manufacturers' association and the big labor federation to gather big war funds by which to argue the question of an eight-hour day. A way to some agreement on the issue should be possible in a more peaceful and less costly direction.

MISERY TURNS HAIR WHITE.

Man Injured by Train Loses Original Color of Locks.

Michigan City, Ind., Nov. 13.—Penniless and friendless, and having lost a leg while standing a ride on a freight train, Charles A. Herman was taken to a local hospital. After realizing his misery and destitution his hair was turned from black to silvery white. Although but 33, Herman appears to be 60 years old.

ANNA HELD ILL.

New York, Nov. 13.—News has reached theatrical circles here that Anna Held is critically ill of pneumonia at the Hotel Majestic in Philadelphia and that the engagements of the Parisian model company, of which she was the star, have been cancelled. Miss Held was taken ill last Thursday night, when she was found lying unconscious in her dressing room at the Chestnut Street Opera house. Pneumonia symptoms developed on Saturday.

AVERTED A BAD BLAZE.

A window curtain in the home of William Geisekling, in Lake township, caught fire Monday evening and for a time a serious blaze was threatened. Mrs. Geisekling snatched the flaming drapery and ran out of doors, leaving a trail of fire along the pathway, but it was extinguished before serious damage had been done.

FOULKE STIRS UP PROBE.

Indiana Man Accuses Federal Office Holder With Undue Activity.

Washington, Nov. 13.—Civil Service Commissioner Greene said yesterday that he will write William Dudley Foulke, of Richmond, Ind., for some information which may lead to a sensational investigation of methods employed in the recent Cincinnati municipal election. In an address at Cincinnati Sunday night Mr. Foulke charged that a federal office holder in the civil service interfered with the conduct of the election in one precinct in Cincinnati Tuesday, November 5.

"I am told that this official not only took an active part in the election, but aided a criminal to evade the law," said Mr. Foulke. "The official is said to have told a man, who confessed that he had voted more than once, 'to run for it.' Such men should be removed from office, and I think that he will be when the knowledge of his action comes to the civil service commission."

"It would give me great pleasure to conduct this investigation," said Mr. Greene. "If the federal office holder mentioned is found guilty, he will be separated from his job in short order."

MONEY FLURRY COSTS LIFE.

Farmer, Unable to Complete Land Deal, Commits Suicide.

Russellville, Ind., Nov. 13.—Because his money was held in a bank at Flora and he was unable to complete a deal for a farm in time to save \$200 which he had posted as a forfeit, George Wilson, 40, committed suicide near Burlington last night.

Some time ago Wilson sold his little farm near Burlington and deposited his money in a bank at Flora. He bargained for another farm of forty acres last week and posted \$200 with Frank Davis as good faith money. When the time came to make the transfer Wilson offered as payment for the remainder of the purchase price a check drawn on the Flora bank which Davis refused to accept, fearing the bank would not cash the check immediately. Davis claimed the \$200 as a forfeit and Wilson in his despondency killed himself with a shotgun.

Demonstrations of the Universal Bread Maker

Beginning today Mrs. Montrose, of Boston, will assist us in a practical demonstration of this wonderful little machine, which kneads bread more thoroughly in three minutes than a half hour's hard hand kneading will accomplish. Mrs. Montrose is an expert cook and an excellent instructor. She can show you in a few moments how to make just as good bread as she does, without the hard, mussy old hand way.

Every day during the demonstration she will bake several hundred small loaves of bread, just to prove its fine texture. Come in and get a sample loaf and a recipe booklet free of charge, whether you buy a Bread Maker or not.

A GREAT SAVING.

Three minutes kneads the dough more thoroughly than can possibly be done by hand in a much longer time. The saving of muss and bother and worry in the kitchen is a great boon in summer or winter.

EASILY OPERATED.

It is so easily operated that even the least experienced can make delicious bread on the first trial.

In many families, where they have a Universal, the little girl now makes the bread.

MIGHTY POWER IN JAPANESE AFFAIRS

COUNT TADASU HAYASHI
JAPANESE FOREIGN MINISTER

Tokio, Japan, Nov. 13.—Japan's post-bellum triumphs in the field of diplomacy have wrought a mighty change in the internal political situation. Never before in the history of this country—probably seldom in the history of any country—has such a transformation been brought about by foreign office successes as is witnessed here in Japan today.

To Count Hayashi more than to any other one man is due the fact that the Salonji ministry, which six months ago seemed on the verge of collapse, has been so strengthened in the popular estimation that there now seems an excellent prospect of the Seiyukai (constitutionalists) party, which is at its back, attaining a clear majority in the house of representatives at the coming election.

Up to this time the political parties of Japan have never reached that stage of development which makes possible a purely party government. The advocates of party government felt the much desired end was in sight when, after he had founded the Seiyukai, Marquis Ito for the fourth time became premier. But the cabinet of 1900 was within a few months wrecked on the shoals of internal dissension, and with it passed all immediate prospect of party government.

The Katsura ministry, which succeeded, was a non-party ministry, and so was the Salonji ministry when formed. Strictly speaking, it is still that, but gradually the lines have been formed with the Seiyukai, of which Marquis Saonji is the head, as the government party and the Shimpoto or progressives as the most prominent of the anti-government groups, and the present indications are that the real contest in the coming campaign will be the Seiyukai against the field with the prospects in favor of the government party.

There are many politicians in Ja-

pan who will question this forecast, but they are allied with either the Shimpoto or one of the several groups that hold themselves from alliance with either of the stronger parties. With these politicians, of course, the wish is father to the thought. They have been looking forward with confidence to the collapse of the present cabinet and a new alignment, and being exactly like politicians in other lands they will not admit in public, even if they do have to admit it to themselves, that the trend is against their wishes.

Some of these political leaders acknowledge that events have played into the hands of the present ministry to a remarkable degree, but they attempt to draw a clean distinction between the ministry and the Seiyukai—although in the period of the ministry's apparent weakness they did everything in their power to saddle the responsibility upon the party to which they now deny all credit for the ministry's strength. Which also shows that they are very much like their brother politicians of other countries.

The voters of Japan are not given to drawing the same fine distinctions as the politicians. Being also human, they are mightily impressed by success, and just, now the successes scored by the present ministry loom large.

When Mr. Kato resigned as foreign minister three months after the formation of the Salonji cabinet, Count (then viscount) Hayashi was summoned from London to assume the duties of this highly important cabinet post. That this change greatly strengthened the cabinet in its position vis-a-vis the Yamagata faction universally recognized. But even Count Hayashi's warmest admirers could hardly have hoped for such a series of remarkable diplomatic successes as has marked his administration of Japan's foreign affairs.

BRANDS HIGHER CRITICS OF THE BIBLE AS JUDASES

Minister Attacks Biblical
World and Professors
Are Scored.

St. Louis, Nov. 13.—At yesterday's session of the Bible League of North America meeting the conference's 13-inch theological guns were turned upon the Biblical World, one of the official publications of the University of Chicago. The indignation of the conference was aroused by the publication recently of an editorial in this

magazine, in which the second advent of Christ was derided and the resurrection of Jesus denied.

The chief address of the day was made by Rev. W. M. McPheeters, D. D., instructor in the Southern Presbyterian Theological seminary at Columbia, S. C. His subject was "The Influence of Radical Criticism Upon Wholly to the Advantage of Religion and the Bible."

This question the minister answered with an emphatic and indignant negative.

"Higher criticism is not the Roman's spear," said he, "which pierced the side of the Lord. It is rather the kiss of Judas, which, under the pretense of friendliness, aims at the destruction of religion. We, the adherents of literal faith in every work of holy writ, are contending today for the altar and the hearthstone."

"Radical criticism, such as that voiced by the University of Chicago, proposes a complete change from Christianity to infidelity. It not only presumes to modify, but even, on occasions, rejects the truth taught by Christ, such as his resurrection and second advent."

"There are a few ambitious young men at the university, who, impatient of obscurity and meager pay, think to procure themselves better positions by attracting publicity. This aim they can accomplish best by sensational attacks upon what is holy."

"The editorial's second coming is based not on the historical but the imaginative portions of the bible. But the second advent is mentioned in the Acts, a historical book. It is estimated that every twenty-fifth verse of the Old Testament refers to the second coming of the Messiah."

Uses Sarcasm as Weapon.
A paper satirizing the methods of higher criticism, by one of the ministers present, was read at the morning's session by Rev. P. V. Genness. The author, by adopting the reasoning, as he understood it, of the higher critics, sarcastically proved that the Declaration of Independence was not written until after the civil war.

Rev. Dr. C. J. Scofield, of the First Congregational church, Dallas, Texas, said that the beliefs expressed by the Biblical World, if generally adopted, would work the subversion of all religion.

"These young professors," said he, "have almost reached the point where they consider the bible not a divine, but merely a human document."

The motto of the Bible League of America is "Back to the Bible." Its purpose is to renew faith in both testaments and to oppose the inroads of higher criticism.

SENATOR CRIES FORGERY.

Asks Court to Keep Mac Wood's Alleged Missive Under Key.

New York, Nov. 12.—Claiming that the marriage certificate by which Mac C. Wood says she expects to prove that she was married to United States Senator Thomas C. Platt is forged, counsel for Platt yesterday applied to Supreme Court Justice O'Gorman for an order directing that the certificate be kept on file in the clerk's office.

In support of the application Mr. Platt's counsel filed an affidavit made by the defendant setting forth that the certificate is forged, that he was never married to Miss Wood and that

he is convinced that he will be able to prove that the letter purporting to have been written by him to her acknowledging her as his wife was manufactured by the plaintiff to be used as evidence.

Counsel for the plaintiff opposed the application. Decision was reserved.

SOCIETY

Miss Edna Reuss gave a beautifully appointed but informal luncheon today in honor of Mrs. Bernard Stroh, of Detroit, who is the guest of Mrs. J. B. Reuss, Miss Adelaide Fenton who is visiting Miss Freeman and Mrs. Carl Keller, of Logansport, who is visiting Mrs. C. S. Knight.

Mr. and Mrs. Edwin Hulse entertained relatives last evening in honor of Miss Jessie Taylor. The supper table was prettily decorated in white chrysanthemums and ferns. The place cards had jokes concerning nuptial affairs written on one side of them and during the evening an informal but merry time was passed in playing games and exchanging felicitations with the honor guest. There were present Mr. and Mrs. Will Crighton, Mr. and Mrs. Frank B. Taylor, Mr. and Mrs. Robert Harding, Mr. and Mrs. I. N. Taylor, Miss Ethelwyn Taylor, Mrs. Emily H. Griswold and Mandeville Hill.

The last of the pre-nuptial parties in honor of Miss Bessie Eckart and Fred Ranke, was a progressive pedro given last evening by Miss Hannah Schilling, at her home on East Wayne street. The decorations were exceptionally airy and pretty. Streamers of white extended from the chandelier, one to each of the four tables where the guests were seated for supper. The main wall was fastened at the table in a large bow. Red bells hung from the chandelier and tiny ones from the festoons of maline. Red carnations lent color to the tables and formed favors for each guest. The place cards were red bells. Only relatives were present.

Mrs. Herbert Lang will entertain the O. C. C. club tomorrow afternoon. Mrs. M. J. Barton, of Edgewater avenue, has gone to Indianapolis for a few days.

Mr. and Mrs. Diederich Meyer went to Cincinnati today to remain over Thanksgiving.

The Embroidery club will meet with Miss Grace Smith, of West Berry street, tomorrow afternoon.

Dr. and Mrs. S. H. Baker have as their guest, Dr. Baker's niece, Miss Bertha Baker, of Los Angeles.

Mrs. E. L. Potlitzer and children will leave tomorrow for St. Louis to visit Mrs. Potlitzer's sisters for a few days.

Mr. and Mrs. John H. Jacobs have returned from an eastern trip during which they visited New York, Washington and other points.

The kindergarten teachers of the city are planning to form a literary club and will hold their first meeting tomorrow evening with Mrs. Emily Harding Griswold.

Miss Laura Wagner has returned to Lafayette after a few days' visit with her sister, Mrs. John Eggeman. Miss Wagner came to attend the christening of her nephew, Robert Frederick Eggeman which took place on Sunday.

Mrs. L. J. Gelsa entertained at dinner today in compliment to visiting friends. The house was decorated in all the rooms in the colors of red and green except the dining-room, which was entirely in red. This afternoon Mrs. Gelsa entertained her dinner guests and other friends at games.

Mrs. L. Rose, of Lake avenue, will be the house hostess for a meeting of the Lakeside Aid society on Friday afternoon when a pedro party will be the amusement. The ladies who will assist Mrs. Rose are Mrs. George Wadsworth, Mrs. J. E. Scroggy, Mrs. Charles Tyger, Mrs. J. G. Fratis, Mrs. Mitchell and Mrs. Pfeiffer.

The Bittersweet club members spent a pleasant evening with the Misses Rose and Elinor Tishler last evening. Cards were played and a supper was served afterwards. Delightful musical numbers were furnished by the hostesses who play the violin and piano. Misses Rose, Luley and Miss Ann C. Rocholl won the prizes.

A company of young girls met at the home of Miss Marie Bogenschuetz, 814 Washington boulevard east, yesterday afternoon and organized a Sunday afternoon club to be known as the E. P. L. club. The members are Misses Marie Bogenschuetz, Cecelia Mettler, Agnes Schlatte, Goldie Gaskill, Edna Perkins, Tillie Bender, Bessie Gillette, Evelyn Winans. Miss Edna Perkins will entertain the club next Sunday.

The members of the W. D. K. pedro club were entertained at cards and an elaborate supper afterwards last evening at the home of Mr. and Mrs. C. F. Porter. The club decided to have a Thanksgiving celebration in the new home of Mr. and Mrs. F. W. Freese, of West Wayne street. Dinner will be served at 5 o'clock and cards will be played afterwards. Prize winners last evening were Mrs. George Trier, Mr. and Mrs. Freese, Mrs. Mills and Mr. Daseier.

A pleasant surprise was tendered Mrs. Catherine Dietrich, 1108 Summit street, Monday afternoon. In a game of progressive pedro the prizes were won by Mrs. Henkenius and Mrs. Vogeley. After the card playing an oyster supper was served by Mrs. Albrecht, assisted by Mrs. Schoeffer. The guests were Mesdames Albrecht,

Disser, Ersig, Fitzgibbons, Teit, Henkenius, Schoeffer, Monock, Tonsing, Vogeley and Klug.

A number of friends of Miss Ethel Kirby gathered at her home, 1016 West Main street on Monday evening to celebrate her fifteenth birthday anniversary. The amusements were games and refreshments were served afterwards. The guests were Misses Edith Moore, Esther Werling, Myrtle Baxter, Lora Abner, Bernice Guthrie, Agnes Sweet, and Thomas Dent, Sylvester Skeer, Perry Short, Raymond Keim, Floyd Craig, Robert Muller and Roy Brommelmeyer.

A pretty party in honor of Miss Edith Borgman, was the one given by Miss Hulda Keller last evening. Progressive hearts was the amusement and the decoration carried out the heart idea in the colors of pink and white. Pink roses formed the centerpiece at supper and pink ribbon was tied to the chair for Miss Borgman to occupy. The place cards were in the form of pink hearts. Pink and white crepe paper ribbons formed a decoration for the festooning of the room and the general effect was exceedingly pretty. The friends of Miss Borgman who were present to enjoy the pleasure of this party were Misses Irene Borgman, Rose Keller, Eleanor and Flora Charlie, Jeannette Brannon, Lilian Engleking, Grace Rohrer, Bertha Brandt, Lena Terry, Kate Fox, Madeline Robertson, Agnes Ohio, Ida Hoch, Erma Huber, Helen Emrick, Mrs. Fred Meyer. Prizes were won by Misses Brandt and Huber.

A surprise party that not only surprised the hostess, Mrs. Charles Rabus, for whom it was intended, but astonished the planners of the affair too, was a social affair of last night. Mrs. Rabus had invited a few young men and women to spend the evening at her home and shortly after the company had arrived a ring of the door bell announced a visitor. On opening the door she met a merry company, members of an afternoon club to which Mrs. Rabus belongs, who, with baskets of lunch and totally unaware of any intention on Mrs. Rabus' part to entertain others than themselves, had come to spend the evening. However, the house was large enough for two parties and all had a jolly time.

Aumann—Scheumann.

Miss Matilda Scheumann, daughter of Mrs. Diederich Scheumann, and Mr. Henry Aumann were married on Sunday, Nov. 10, at 3 o'clock in St. John's Lutheran church, fourteen miles from the city. The bride wore a beautiful gown of white net over white silk and a veil of white fell the full length of the skirt. The bride bouquet was of white roses. Miss Julia Scheumann and Miss Dirkson were bridesmaids. They wore pretty gowns of crepe de chine with trimmings of lace and carried white chrysanthemums. A sumptuous wedding dinner was served at the home of the bride after the marriage service. Mr. and Mrs. Aumann will live near Decatur. Mr. Aumann is a farmer and both bride and groom are well known young people in Lutheran circles in the county.

Kerber—Bundy.

The marriage of Miss Maude Bundy and Mr. Charles Kerber, both of this city, took place Tuesday afternoon at 4 o'clock at the parsonage of Bethel Evangelical church. Rev. E. Q. Laudeman performed the ceremony. The bride is a daughter of Mr. and Mrs. Jacob Bundy, 3211 South Calhoun street. Mr. Kerber is employed in the Bass foundry. The bride and groom have gone to housekeeping in 2027 Force street.

Stoll—Eaton.

Capt. Henry C. Stoll was married three weeks ago in Chicago to Mrs. Catherine Eaton by Rev. Morrison of the First Church of Christ, of that city. Mr. and Mrs. Stoll came directly here but have kept the fact of their marriage a secret from all but the closest friends until now. Mr. Stoll is the genial and efficient captain of the police force for the Pennsylvania company, and he and his bride are now at home in 246 Master-son avenue.

A Country Party.

A party of young people from the city enjoyed a fine time on Sunday at the home of Mr. and Mrs. J. F. Springer, near Sheldon. The guests were Misses Lulu Dinkle, Lizzie Fuelling, Anna Roepke, Olive Wyneken, Susan Lepper, Clara Hoffman, of Fort Wayne, and Misses Cora, Della, Nettie and Anna Springer and Messrs. Edward Springer, M. Lips, Clarence Labman, Herman and G. Springer.

FIRST PRESBYTERIAN CHOR.

The choir of the First Presbyterian church is composed of several new singers and under the direction of J. B. Archer, organist, is already attracting unusual attention for the high order of their work. Miss Murray, of Van Wert, is the soprano, Miss Robinson, of this city, contralto, Selwyn Peavear, of New York city, tenor, and Ford Urbahn, baritone. Mr. Peavear is the latest acquisition to the personnel of the choir. He is a young man who has come to Fort Wayne to learn

FASHIONS

FASHIONABLE EVENING GOWNS.

The first model is an all black dinner dress of nylon, the skirt inset with lines of blond lace, and the corset, attached princess-wale, is arranged in graceful drape fashion, concluding in short puffed sleeves, a mass of little superposed rills. Then there are various subordinate details of silk tassels, etc., that are felt rather than actually perceived, and this dress is silk lined throughout.

A triple alliance, equally distributed, of black lace, tucked chiffon and black ribbon velvet, goes to the consummation of the other evening frock, enhanced by gold fillet lace worked over in black chenille, the whole carried into effective relief over a foundation of white silk and veiled white chiffon, says the Queen.

the heavy hardware business, and for that purpose has gone to work for the Mossman-Yarnelle firm. Mr. Peavear's voice is especially beautiful and sweet in quality.

HELD ANNUAL MEETINGS.

Women's Societies of Trinity Episcopal Church Elect Officers.

The Ladies' association of Trinity Episcopal church and the Ladies' auxiliary of the same church held business meetings recently and elected the following officers: For the association president, Mrs. William S. Morris; first vice president, Mrs. James M. Barrett; second vice president, Mrs. A. E. Urbahn; secretary, Mrs. H. J. Evans; treasurer, Mrs. Calvin Reiman. The officers of the auxiliary are: President, Miss Mary Gaskins; vice president, Mrs. James Fry; secretary, Mrs. George Wheeler; treasurer, Mrs. R. G. Thompson.

WANTS PAY FOR LOST DEAL.

Stockholm Financier Files Novel Suit Over a Wreck.

Berlin, Nov. 13.—The administration of the German state railway has been made the defendant in a novel suit, brought by a Stockholm financier, who was injured in the wreck near Bremen last December. The plaintiff was enroute to Paris for the purpose of concluding a business deal involving \$5,000,000 but his injuries required him to remain in a hospital for six weeks. Meantime his French client died, thus ending his chance for the deal. The railway authorities refused the Stockholm man any financial restitution, and he has now sued them for \$250,000 damages.

CRASH ON LAKE SHORE.

Passengers Escape Serious Injury in Wreck Near Hilldale.

Hilldale, Mich., Nov. 12.—Two trainmen were injured last night when a southbound Lake Shore passenger train collided head on with a light engine a mile and a half west of here. The track was blocked for some time, the two engines and a baggage car and one coach being derailed. No passengers were seriously hurt.

ROYAL BABE IS BORN.

Daughter of Queen of Italy is Ushered Into World.

Rome, Nov. 13.—Queen Helena this morning gave birth to a daughter. Both mother and child are doing well. King Victor Emmanuel and Queen Helena, who were married in October, 1896, now have four children, Princess Yolande, born June 1, 1901; Princess Mafalda, born Nov. 19, 1902; Prince Humbert, the heir apparent,

born Sept. 15, 1904, and the child which came into the world today.

BLOW AIMED AT SALOONS.

South Bend, Ind., Nov. 13.—In an effort to close several downtown gambling houses, saloons and resorts, Councilman Frank Rogers introduced an ordinance in the city council declaring the conduct and maintenance of a saloon or place where intoxicating liquors are sold, fronting in an alley and located in an alley, a public nuisance. The ordinance declares that thoroughfares known as Polk and Center streets are alleys. The blow is aimed at the Teeter and Barrett places, the latter known as the Owl.

CHARGE IS EMBEZZLEMENT.

Kentucky Cashier Said to Have Lost \$16,000 in Speculation.

Foster, Ky., Nov. 13.—Daniel C. McKnight, cashier of the Foster State bank, was arrested here yesterday charged with embezzling \$16,000. It is said McKnight lost the money in speculation. McKnight was bonded to the extent of \$10,000 and the bank directors state that they will add \$6,000 to that sum and meet the shortage.

UTES MUST NOW BE GOOD.

Guns and Ammunition Rushed to Scene of Indian Troubles.

Omaha, Neb., Nov. 13.—Forty tons of powder and shells passed through Omaha yesterday over the Missouri Pacific and the Northwestern on its way to Gettysburg, S. D., the scene of the Ute troubles. The shipment, which was from Fort Leavenworth, also included several gatling guns.

IN FINANCIAL STRAITS.

Receiver Named for Big Ohio Nursery Concern.

Youngstown, O., Nov. 13.—Edwin Oyster was today appointed receiver of the Templin company, florists and seedsmen, operating large nurseries at Calla, this county, and a store here. The assets are about \$90,000, with liabilities about the same, not including the capital stock.

MANY LEAVING FONTANET.

Citizens Dissatisfied With the Powder Company's Settlement of Losses.

Brazil, Ind., Nov. 13.—Those who suffered in the recent explosion of the powder mill of the DuPont Powder company at Fontanet, are becoming restless at the slow manner in which the company is settling their losses. One young man who was married recently and had just purchased a new home that was wrecked by the explosion, complained that he received an offer of only \$55 from the company as settlement of his losses. Another man who had a loss of only \$10, was paid \$150, it is said. Another who lost a small home wrecked, received \$1,200.

The promise of the powder company to rebuild the wrecked homes at once held many people in Fontanet for some time but up to the present time few houses have been constructed and they are so poor and frail that many of the sufferers refused to live in them. The consequence is that the town is now almost deserted. Many of the old residents of the place have moved away permanently, and others will leave as soon as they can.

Mayor Shattuck has turned over to a committee in this city the funds subscribed here for the benefit of the sufferers at Fontanet.

The Christian Endeavor society of the West Jefferson street church of Christ will give a social on Thursday evening. The young men of the society are to do the entertaining and an enjoyable time is expected. The social will be given at the home of Mr. C. F. Mize, 40 Lawton place.

How to Take Care of Nature's Gifts

Dorothy Maitland, writing about "The Well-Groomed Woman" in McCall's Magazine, says: "Most women would be terribly shocked by the imputation that they neglected their personal appearance, yet the fact remains that many otherwise fastidious people are more or less careless in this respect."

"Society girls, business women and others whose days are full to running over with engagements of one sort or another are very apt to invent all sorts of excuses for what by rights should be a nightly duty—washing the face in warm water and soap or massaging the scalp. It is so easy to say, 'Oh, I'm too tired out tonight. I'll leave it until tomorrow.'"

We all know how true this is—yet we do it. Nature is very patient, but there comes a time when she rebels against our neglect. Of course, the first evidences show in the complexion—woman's greatest charm. Then cosmetics, rouges and powders are called upon to cover up the colorless skin. The inevitable result follows—the natural complexion is ruined and must be supplanted by an artificial one.

"But what shall I do?" says My Lady. "I can't go out like this—just a little rouge, a touch of carmine or a few strokes of the eyebrow pencil can't be very noticeable."

But they are, my dear, and what's more they are unnecessary. If your complexion is not all it should be and you will take a little good advice, the ravages of time and natural faults can easily be corrected.

Here is a simple wash—the ingredients can be obtained at any druggist's—which will give a soft, velvety appearance to the skin and tone up the poorest complexion in a manner which will surprise you.

Obtain at a drug store rose water, 2 ounces; cologne spirits, 1 ounce; Eppotone (skin food), 4 ounces.

Put the Eppotone in a pint of hot water (not boiling), and after dissolved strain and let cool. Then add the rose water and cologne spirits.

Make the wash yourself, then you know it is right. The face, neck and hands should be washed each night in warm water, dry thoroughly, then apply the above wash liberally. Do the same in the morning and it will be but a short time before you notice the improvement in your complexion. An ounce of prevention is worth a pound of cure, so make a permanent place for the above wash on your dressing table.

Mrs. R. A. Bogardus, of Indianapolis, a sister of Mrs. Dallas F. Green, while on her way to visit her daughter, Mrs. A. G. Gladden, of Mansfield, Ohio, had her shoulder dislocated and was badly bruised in a street car wreck at Mansfield yesterday. Mrs. Bogardus was at once taken to the hospital, where she is resting easily. Mrs. Green left for Mansfield today.

SEEKS TOGA FROM FORAKER.

Ex-Governor Campbell of Ohio Wants to Succeed Foraker.

Columbus, O., Nov. 13.—Governor Campbell, who is a member of the state tax commission, yesterday said that he is a receptive candidate for United States senator to succeed Senator Foraker. He believes the democratic party has a better chance to elect a senator than a governor in Ohio.

He would not be averse, he says, to making a campaign against Mr. Foraker or any other candidate whom the republicans may name. He desires it to be understood that his opposition to Senator Foraker is not personal, as they are warm friends.

CITY BREVITIES.

Nicholas Nischo, who has been quite ill at St. Joseph's hospital from typhoid fever, is slowly improving.

Word was received in Fort Wayne this morning that Mrs. Katherine Shey, who lived here several years ago, but who is now making her home with her daughter, Mrs. William Whitehead, at Logansport, was stricken by paralysis a few days ago and is not expected to live. Mrs. Shey was a member of St. Patrick's church while a resident of Fort Wayne.

The Cheapest Fuel is Coal—Not Gas
If you don't believe it you have but to make the test for yourself.
With a Buck's steel range—the greatest fuel saver made—you can cook an entire dinner consisting of several dishes, bake bread and heat fifty or more gallons of water—all with one fire. With gas you would require six or eight different fires as the case might be—and then the cooking would not be so well done—and the expense tremendously greater.
Let us show you many advantages of these wonderful stoves.

FANATICS RECEIVE THE BALL TEAM WITH ENTHUSIASM

New Owner is Introduced and is Welcomed With His Aggregation.

LOUIS HEILBRONER.
Man Whose Efforts Were Mainly Responsible for Putting Fort Wayne Back on Baseball Map.

of his long and not always pleasant labors. Mr. Heilbroner arranged the Fort Wayne meeting between President Carson and Messrs. Varnell, Irwin and Smith and took them about the city that by direct contact with men of affairs here they might know that the thing to do was to put Fort Wayne back in the league and Mr. Varnell decided the place deserved his champion Springfield team and to Fort Wayne it will come.

The deal with William Malle for the purchase of his lease on Recreation Park was practically concluded in Cleveland Monday. Had the negotiations for that baseball ground failed Mr. Heilbroner was prepared to project in which he had the heartiest co-operation of the street car company.

President Carson has called the Central League meeting of January for this city and Mr. Heilbroner will make arrangements for that gathering of the managers. Until Manager Hendricks comes here Mr. Heilbroner will look out for the interests of Mr. Varnell.

Probably the most enthusiastic man among the magnates was Dr. F. R. Carson, president of the league. He has always wanted Fort Wayne for his organization but has been blocked in every effort to land here since the resignation of Budora Mautner in Dayton and now that South Bend's most hated rival in league on the boards is in the hands of the league of mind. He remained here last night and left only this morning.

Mr. Varnell and Mr. Irwin left last night for Wheeling after the management and care of the grounds had been given to Mr. Carson, of the Shamrock, who will look after the property until the spring season opens. He will also use the grounds next season for his team when the Fort Wayne League team is on the road.

Most everybody that remembers anything about the Central League remembers Jack Hendricks. He was not popular here because he worked too hard for the interests of his team when it was located at Springfield and never let a chance go by to start something when he thought it was getting the worst of it. He will do this for Fort Wayne and before the season opens he will be popular with the people of this city. He is an attorney and baseball is his side line.

Of the team that will represent Fort Wayne only a few of the players are known here. Dick Merriman, the official slabbist is probably the best known. He has stuck with the organization since it was located at Marion and pitched better ball last year than he has ever pitched. Joe Collins, one of the outfielders, played here a few times when he first signed with the club and will be remembered as a fast fielder and hard hitter.

Harry Hammond, one of the pitchers, was in Dayton in the early days of the Central League and has gone the rounds but he didn't do much until Jack Hendricks got him. He is a right-handed pitcher and will be a valuable asset to the team. Tony Fierman, one of the infielders, has also played here and was with Louisville when he first did his besting on the local diamond. The other players on the team are Leroy Cline, pitcher; Dick Merriman, pitcher; Matthew Muldowney, Boyd Chambers, Harry Coran, pitchers; Champ Osteen, Guy Dekey, and Ed McKinnon, outfielders; J. J. Kelley and Joe Collins, outfielders. When Jack Hendricks plays he goes into the outfield.

MORE CHEERFUL AT MICHIGAN.
Betting is Now Even Money on Outcome of the Game With Pennsylvania.

Ann Arbor, Mich., Nov. 12.—Despite Coach Voss's gloominess over the prospect of victory against Pennsylvania on Saturday, Fort Wayne fans refused to believe the Wolverines can be beaten by the Quakers. Some people got out early yesterday morning and bet odds that the Quakers would win. They got so many early birds looking for worms they soon were looked to even money. Betting is now even. Several of the fraternities have received next little handfuls of currency from the Quakers. Some money and all such packages have been covered immediately with Michigan money.

The school team is beginning to take on a big game dress. Footballs are the prevailing emblem in the decorations. Schemes and banners have been battered leather oval can rent it at as high a rate as the ball that Michigan used in the Carlisle game. The Quakers' uniforms were in "Ooty" Graham's arms when he ran the length of the field for a touchdown against West Virginia. All places of business, private residences, and fraternity houses are throwing red and blue and maize and blue streamers to the sun winds.

Penn. Team Off for Michigan.
Twenty-One Players Leave Philadelphia for Mount Clemens.

Philadelphia, Pa., Nov. 12.—The University of Pennsylvania football team, which will play Michigan at Ann Arbor Saturday afternoon, left here last night at 8:25 for the west. A squad of twenty-one players went on the trip, headed by Head Coach Carl Williams, Trainer Murphy, and half dozen other coaches. The squad will go to Mount Clemens, Mich., where it will remain until Saturday morning, then will go into Ann Arbor. Two players were escorted to the station by a body of 200 students, who cheered them until the train pulled out.

TEXAS MAGNATES WANT IN.
Offer Has Been Made to Phil Arnold for Grand Rapids Club.

Grand Rapids, Mich., Nov. 12.—A story was tipped off here, which if it eventuates will change the complexion of baseball in Grand Rapids next season. Through Charles Moran it is learned that J. W. Gardner, owner of the Dallas team in the Texas League and a part holder of the Waco club of the same league, is seriously considering "buying in" in Grand Rapids, and with Arnold anxious to sell nothing but an agreement upon the price and an examination by Gardner of the baseball franchise remains to be transacted before the deal will be consummated. According to Moran himself will buy an in-ground with the Texas magnate.

"I think that Gardner is about ready to offer Arnold \$10,000 for the franchise here," said Moran yesterday. "Arnold has set his price at \$15,000, but has failed to come anywhere near that yet, and as he is pushing the thing very hard here next season it appears very likely to me that after an investigation of local baseball affairs Mr. Gardner will be willing to take up the franchise here."

PITCHER MORTIFIED TO TORONTO.
South Bend, Ind., Nov. 12.—Elmer Mortimer, pitcher of the South Bend team, will go to Toronto next season, notwithstanding reports to the contrary. Mortimer was in South Bend last season, but has recovered his health and will be in condition to do his share of the twirling in 1908.

SHERIFF SEIZES BAR.
Artman Interpretation of Blind Tiger Law Will be Tested.

Lebanon, Ind., Nov. 12.—Edward Emmert, most closely guarded under the blind tiger law. According to the interpretation of the statute relating to the time of testing, as made by Judge Artman of the Boone circuit court and by Judge Roby of the appellate court, Emmert's license expired last night. Notwithstanding this fact he has continued business the same as usual.

A search warrant was placed in the hands of Sheriff McRoberts, who, with his deputy, John Casey, yesterday called on the owner of the place in possession of all the "wet" goods and other property, closed the room, locked it and removed the liquor. A search was made against Emmert, charging him with selling liquor without a license. A warrant was issued for his arrest and he is now in the hands of the sheriff for serving.

Until the case is disposed of Emmert's stock of liquor will remain in possession of the sheriff, and if there is a conviction the liquors will be destroyed.

CHOOSE INTELLIGENTLY

In making choice of a bank that shall become the depository of your funds and the medium for disbursing them, study well its elements of strength. Strong safes and automatic locks are incidental necessities, but it is more important that the men who manage the bank shall be strong men free from the taint of speculation and worthy of confidence. Choose a bank that seeks to prosper and makes loans carefully. These are points of merit we claim as a basis for your confidence.

CITY COUNCIL PLEDGES SUPPORT TO RIVER PROJECT

Resolution Adopted and Invitation Accepted—The Routine.

The city council at its regular session last night adopted a resolution, pledging its support to the project for making the Maumee river navigable from Lake Erie to Fort Wayne and accepted an invitation to be present at the meeting to be held Saturday evening in the court house assembly room.

The resolution was presented by President William C. Schwier and will be printed in the regular proceedings of the council. The next most important matter was Clement W. Edgerton's fence on West Wayne street. A petition signed by every property owner on the street except Mr. Edgerton was introduced asking that what is termed a sign of retrogression be removed.

The board of works made Mr. Edgerton take up a flagstone sidewalk and put down a new one. He took the stones and built a fence on his west property line and this is what the property owners are objecting to. A special committee consisting of Members Henry, Enslin, Cook, Welch and Schwier was appointed to confer with the fence owner.

An appropriation ordinance carrying \$500 for sewer repairs was passed under a suspension of the rules. One appropriating \$1,000 for street cleaning was put in the hands of the committee on finance. Mr. Bayer wanted it passed under a suspension, but Mr. Johnson objected.

The contract with Albert Ponce for laying water mains in Forest Park was referred to the committee on contracts and franchises.

Ordinances were passed appropriating \$500 for the maintenance of streets and \$1,000 for park purposes. A communication from W. H. Scholman, county treasurer elect, asking the council to purchase an addressograph was referred to the committee on finance.

GEN. CARTER COMING.

Regular Army Officer to inspect Indiana Militia.

Washington, Nov. 12.—The war department, in an official order yesterday directed Gen. W. H. Carter, commanding the Department of Lakes, to make an inspection of the Indiana militia. General Carter is authorized to assign as many inspection officers to this task as he may deem necessary. The order also provides:

"The number of officers to be designated for this work will depend upon the number of cities and towns in which the militia organizations are located, the object being to perform the work of inspection as expeditiously as practicable, with due consideration for thoroughness and economy of expense and transportation. All inspections must be completed not later than May 1."

The inspection is required by the militia reorganization act.

KURTZ DISBARRED FOR LIFE.

Heavy Sentence Imposed on Former State's Attorney.

South Bend, Ind., Nov. 12.—Special Judge Lou W. Vall, sitting in the circuit court here, passed judgment on the jury's verdict, finding former State's Attorney George A. Kurtz guilty of conduct unbecoming a member of the St. Joseph county bar and of acts in violation of his oath of office, by disbarring him for life from the practice of law in the courts of Indiana.

The sentence followed the refusal of a new trial on a motion of the defense setting forth that errors had been committed in the testimony introduced by the prosecuting committee. The defense immediately gave bond for an appeal to the supreme court. Kurtz is now managing a corporation known as the Perfection Grease company. He is a heavy stockholder of the corporation, which manufactures lubricating preparations for automobiles and machinery.

CAUGHT IN SCHOOL HOUSE.

Men Thought to Have Destroyed Books Are Under Arrest.

Kokomo, Ind., Nov. 12.—The Junction school house, three miles west of here, was entered for the fourth time last night by two men. James Miller and Edwin Bailey were captured by Sheriff Lindley and his deputy. Early in the term the school building was entered, and much of the property was destroyed. Soon after that the building was set on fire and the interior was badly damaged.

About three weeks ago vandals entered the building and stole and destroyed books and other property to the amount of \$200. Since that time a guard has been employed by the township to watch the place, which resulted in the capture of Miller and Bailey. Be men assert they are tramps, and merely sought refuge from the cold when they entered the building. They disclaim any knowledge of the former depredations at the building. The feeling against the two men is intense, and a thorough investigation is being made.

SEEKS HOMES FOR CHILDREN.

Auxiliary of Jewish Charitable Organization in Quest for Open Doors.

Chicago, Nov. 12.—As the Home for Jewish Friendless and Work Girls of Chicago is only a temporary home, a Home Finding association has been established for the purpose of placing such children who have no parents or interested relatives. The association desires to find suitable homes where the children will be cared for and treated like one of the family, or, better still, to find people who will legally adopt these unfortunate.

The children in the home include boys and girls ranging from 1 year and 6 months to 14 years of age. All children over 6 years attend the public school, and their records are all that can be desired.

At the home the girls are taught domestic science and the boys manual training. When the children are ready to leave the institution they have a good general knowledge and are well qualified to enter almost any home.

Miss Jennie Mandel is superintendent of the association.

Tomorrow morning we will add another small shipment of novelty suits to our great stock. Something new every few days. Watch our windows.

INDIANA GETS MEDAL.

Gold One Awarded State for Tuberculosis Exhibit at Jamestown.

Indianapolis, Ind., Nov. 12.—Dr. J. N. Hurty, secretary of the state board of health, received a letter yesterday from former Surgeon General George M. Sternberg, of Washington, D. C., in which Mr. Sternberg said the gold medal had been voted to the tuberculosis exhibit of Indiana at the Jamestown exhibition. Mr. Sternberg was chairman of the committee on awards. He is now vice-chairman of the national committee for the prevention of tuberculosis and asks for duplicates of the charts displayed by Indiana at Jamestown. He said that he was much pleased with the Indiana exhibit and that he desired the charts and maps from Indiana to place in the exhibit of his society. Dr. Hurty said that most likely several charts and other illustrative material would be sent to Mr. Sternberg.

STATE RAIL BOARD IS INVESTIGATING WRECKS

Criminal Procedure May Follow Inquiry Under New Law.

Indianapolis, Nov. 12.—The first investigation of a wreck on a steam road to be taken up under the new plan of the railroad commission, which contemplates possible criminal procedure, is now being conducted by W. J. Wood, of the railroad commission. The accident is the collision which occurred at Hyde, Ind., on the Big Four, on the morning of October 27. Four freight trains met, and R. Case, a brakeman, who lived at Guilford, Ind., was killed.

A number of trainmen appeared before Commissioner Wood yesterday. These investigations are conducted behind closed doors, and Commissioner Wood said that information would not be given out unless it was determined to bring criminal action. The investigation has not been completed yet, and it will not be known for some days whether any movement toward criminal procedure would be justified. The law empowers the railroad commission to establish the responsibility in such steam road wrecks, and to make recommendation to the county prosecutor for criminal procedure.

Fixing Responsibility. Said one of the commissioners, "where careful and persistent effort and detailed work must be done to prevent these accidents. They can be prevented, there is no doubt of that. Some of the roads have very few if any accidents. The point is to find out exactly what causes the accident and who is responsible for it."

"The commission comprehends the difficulty and danger and hardships of railroad operation. The intention is to assist in getting these things in better shape, and the commission expects and believes it will have the cooperation of officers and men alike in the work to fix responsibility and thereby prevent accidents. The commission will proceed to institute criminal prosecutions only when it becomes apparent that these are absolutely necessary to prevent accidents and that there has been gross negligence and violation of the rules and gross failures properly to protect employees, and the public."

Traction Investigations. Two traction investigations are on now. Each is to determine whether or not there was a violation of the law requiring safety brakes on traction cars to be in good condition. The fine for the violation of this law is not to exceed \$100. Commissioner Hunt is investigating the wreck which occurred recently in Bank avenue on the Indianapolis, Crawfordsville and Western, and in which a motorman on a city car was killed.

CATARRH BLOOD DISEASED AND SYSTEM DISORDERED

The entire inner portion of the body is covered or lined with mucous membrane, a soft, delicate tissue. This tissue is abundantly supplied with tiny veins, arteries and capillaries, and is kept in perfect and healthy condition by the nourishment and vital vigor it receives from the blood through these little vessels.

So long as the blood remains pure this mucous membrane will be healthy, but when the circulation becomes infected with catarrhal impurities and poisons the inner lining of the body becomes diseased, and Catarrh, with its train of unpleasant and serious symptoms, gets a foothold and soon becomes a general systemic blood disease.

Catarrh usually begins by affecting the head and throat, but it never stops there, for like all blood diseases its tendency is to grow worse and attack other portions of the body, and gradually undermine the health, if the trouble is not checked. In its early stages Catarrh is characterized by such symptoms as a tight, stuffy feeling in the nose, watery eyes, buzzing noises in the ears, a continual desire to "hawk and spit" in an effort to dislodge a filthy, stringy matter from the throat, and often hoarseness and difficult breathing.

Even in this early stage the trouble is almost intolerable, because of its continual annoyance, but when the blood becomes more deeply polluted by the catarrhal matter and impurities, Catarrh becomes a serious and sometimes dangerous disease. The bronchial tubes are attacked, producing an aggravating cough, the soft bones and cartilages of the head and throat are diseased and sometimes destroyed, the stomach is affected, resulting in dyspepsia, and gradually the entire system is upset and disordered. But Catarrh does still greater damage if allowed to remain in the system. Frequently the Kidneys and Bladder are attacked, and the continual passage of impure blood through the lungs diseases these vital organs, and then Catarrh terminates in Consumption, a hopeless and incurable disease.

Catarrh, being a deep-seated blood disease, must be treated constitutionally, for it is beyond the reach of local or surface treatment. S. S. S. cures Catarrh by cleansing the blood of all the impure catarrhal matter, and at the same time building up the system by its unequalled tonic effects. It goes down into the circulation and attacks the disease at its head, and removes every trace of the impurity that is causing the trouble. Then as rich, pure blood circulates through the body, the inflamed and irritated membranes heal, the discharges grow less and less until they finally cease, the head is relieved of that tight, full feeling, the stomach is toned up, and all the disagreeable and disgusting symptoms of Catarrh disappear. S. S. S. is the greatest of all blood purifiers, a remedy endorsed by thousands during its forty years of successful service in the cure of Catarrh, and being made entirely of healing, cleansing roots and herbs, perfectly harmless in their nature, it may be used by old or young without fear of any harmful results.

S.S.S. PURELY VEGETABLE

If you are suffering with Catarrh begin the use of S. S. S., and by purifying your blood and building up your system, rid yourself of this troublesome and dangerous disease. Special advice and directions by our physicians as to the proper treatment of Catarrh will be of great benefit to you while curing yourself with S. S. S. Write them about your case and they will take pleasure in helping you in every way to get well. No charge is made for this service, nor for a specially prepared book on Catarrh which we will send to all who write.

10 % for a Clipping

Dukes-Rose-Schirmeyer Co.

have been persuaded, by me, to give one-tenth off of the marked price of any suit, overcoat, raincoat or topcoat for man, boy or child, under the following conditions:

1. One ad, each week, I shall run one line reading similar to this: "This line, or ad, clipped from the Sentinel, and presented to Dukes-Rose-Schirmeyer Co., will be accepted by them as one-tenth the purchase price of any suit, overcoat, raincoat or topcoat, but only one clipping will be honored on each purchase."

The reason for this special allowance, at this time of the year, is to test the advertising power of the various newspapers; I wish to learn which papers bring us the best results; further, if it can be made to your interest to read D-R-S. ads, you will always look them up, no matter what their size, and consequently I should be able to save on advertising space for D-R-S. Co. about enough to "make good" this 10 per cent allowance.

The "line" given above will positively appear in all of Fort Wayne's daily papers, at least once a week. It will not be in any particular part of D-R-S. Co. ads, so that you may have to read the whole ad to find it. This experiment is to be tried until the 14th day of December, inclusive, and no clipping will be redeemed after that date, unless due notice be given.

This is positively not a sale and no discount will be given unless a clipping be presented.

Good till the 14th day of December only.

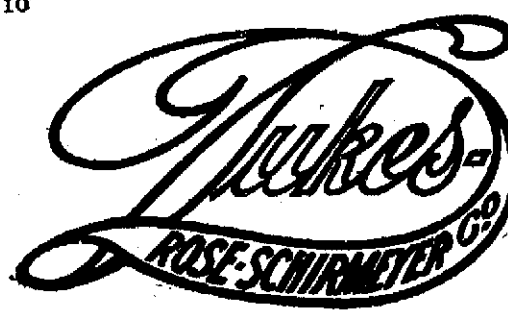

This is an opportunity for saving, one-tenth, on your Fall purchases, on prices that were originally, perhaps, the "smallest profit," to be found in Fort Wayne on

CALLS POLITICIANS DEBASED.

Educator Declares This Is Main Trouble With American System.

Ann Arbor, Mich., Nov. 13.—Prof. Charles Cooley, head of the sociology department of the university, in a lecture yesterday declared that the American type of professional politician was the most debased in the world.

"The whole trouble with our present political system," said Professor Cooley, "is not that we have the professional politician, but that he is a debased type of professional politician."

Professor Cooley was in doubt as to the wisdom of the initiative and referendum. He said: "Those measures are good in so far as they give the people an opportunity to form a public opinion. Unless people can think or discuss public questions they cannot form a real public opinion, and public opinion is essential to democracy."

PASTORS TO WED NO DIVORCEES

Ministers of Stephenson County Unite in Drastic Step.

Freeport, Ill., Nov. 13.—Hereafter it will be a difficult matter for persons who have been divorced to be married by ministers of the gospel in Stephenson county. The Freeport Ministerial association yesterday went on record against such marriages, and the members agreed to refuse to solemnize marriages where one or both the contracting parties have been divorced. Stephenson county has long been a mecca of marrying couples for many miles around. At the request of Rev. Frederick J. Bate a petition was addressed to the state board of health asking that a statement as to whether either person had been divorced appear on the license, to prevent their misinforming the pastor in that connection.

DIED IN KANSAS.

(Columbia City Mail.) Mrs. William Jones who resides north of this city informed this office Monday evening of the death of Mrs. William Richardson which occurred at Albia, Kansas, November 6 at midnight. The deceased was formerly Miss Flossie Witham, of Churubusco, daughter of Mrs. James Witham now a resident of Fort Wayne. The father died last April. Sisters of the deceased are Mrs. Isaac Brundage, of Fort Wayne; Mrs. William Jones, of Whitely county; Mrs. Anna Nelson, of Fort Wayne; Mrs. James Vaughn, of Dunfee; Mrs. Alice Grimer, of Fort Wayne. Brothers of the deceased are Frank, of Churubusco and Walter Witham, of Decatur. Mrs. Richardson leaves a husband and three sons. The funeral occurred Friday afternoon. None of the relatives from Indiana attended the funeral as they did not get the word in time.

Potato Souffles—Two cupsful of mashed potato, two cupsful of flour, two table-spoonsful of butter, two table-spoonsful of baking powder, one teaspoonful of salt and enough milk to make a dough easily handled. Roll the butter into the flour, add the potatoes, salt and baking powder, then milk. Roll and cut an inch thick, and bake in a quick oven about fifteen minutes.

Beef Olives—One thin steak from the round, one tablespoonful of chopped parsley, one tablespoonful of butter, one tablespoonful of flour, one-half cupful of fine bread crumbs, one pint of stock, one teaspoonful of kitchen bouquet, one-half teaspoonful of salt and one teaspoonful of pepper. Cut the steak into strips four inches long and two inches wide. Put the bread crumbs into a bowl, add a half teaspoonful of salt, a dash of pepper and sufficient melted butter (extra) to moisten. Spread each slice with bread crumbs, roll them up compactly and tie with twine. Put the flour and butter into a saucepan and mix, add the stock, when boiling add the kitchen bouquet and the "olives" as they are now called. Bring them to boiling point, push saucepan on the back part of the stove, where contents will simmer gently for one hour; then add the salt and pepper, and if you like a bay leaf, cook slowly thirty minutes longer. When ready to serve heap in the center of the platter a mound of mashed potatoes, and fill the bottom of the dish with the strained brown sauce. Be careful to remove the strings. (Mrs. Rorer.)

Patterson-Fletcher Co. sells the "Atlas" heavy-weight union underwear at \$1.00. Fifty cents less than the others.

FITZPATRICK CASE IS IN HANDS OF JURY AT AUBURN

Arguments in Damage Action Ended at Noon—
News of Garrett.

Auburn, Ind., Nov. 13.—Unexpectedly to many, the testimony in the automobile damage case of Sheffer vs. Fitzpatrick, brought here by change of venue from Allen county, was not finished until the close of the court on Tuesday evening.

The argument of the case began this forenoon. Judge Rose, of Auburn, and Judge Colerick, of Fort Wayne, speaking for the plaintiff, and D. M. Link, of Auburn, and Hon. W. P. Breen, of Fort Wayne, for the defendant. Judge Bratton then gave his instructions and the jury retired for deliberation.

The plaintiff sued for \$2,500 for personal injuries received by an accident, claiming that his horse was frightened by the defendant's automobile. By the defendant's testimony it was shown that Mr. Fitzpatrick had stopped his automobile when within three hundred feet of the plaintiff and pulled off to the side of the road to allow the buggy of Mr. Sheffer to pass.

DEKALB COUNTY TEACHERS.

Garrett, Ind., Nov. 13.—The eighteenth annual session of the DeKalb County Teachers' association will be held in this city on Friday and Saturday, November 29 and 30. An interesting program, including addresses, has been arranged. The welcome address will be delivered by Mayor Thumma and the response by F. N. Whitworth. The principal address will be by H. R. Bean, the retiring president; Hon. J. W. Hansen, of Lagrange; D. M. Link, of Auburn, and H. W. Mount, of Garrett.

SUED FOR DIVORCE.

Garrett, Ind., Nov. 13.—In the circuit court, Alice Gelsinger, of Garrett, has brought suit for divorce from Joseph Gelsinger, alleging desertion and failure to provide. She asks for the custody of their four children.

GARRETT DAMAGE CASE.

Garrett, Ind., Nov. 13.—Last October one of the gravel cars of the Toledo and Chicago Interurban at Garrett ran into the delivery wagon of Singler & McDermott, a grocery firm here, and killed one of the horses and injured the other. In the circuit court today Singler & McDermott brought suit against the Interurban for \$500 damages.

To contradict certain talk and to put the consuming public in possession of the truth, we say in plain words that no one in this town can sell as good coffee as Arbuckles' Ariosa for as little money.

Misbranded and make-believe Mocha and Java, or coffee sold loose out of a bag or a bin, is not as good value for the money, nor can it be sold at as narrow profit, nor reach the consumer under as favorable conditions.

When you buy Arbuckles' Ariosa Coffee you get more than 16 net ozs. of straight, wholesome Brazilian coffee from the largest coffee firm in the world, with that firm's direct assurance that they are giving you the best coffee in the world for the money.

Day's Happenings in the Industrial World

A. A. SCHWIND DEAD.

Former Fort Wayne Resident Expires After Long Illness.

A. A. Schwind died in Chicago at 11 o'clock this morning, after an illness extending over a period of several months. Surviving him are the widow and several children. Mr. Schwind was a locomotive engineer and ran an engine on the Pennsylvania road in and out of Fort Wayne for six years, beginning February 4, 1893. From this city he went to Chicago and remained in the employ of the company until incapacitated by sickness. Before coming to the Pennsylvania, Mr. Schwind worked as fireman and later as engineer on the C. & D. His wife is a daughter of Mr. and Mrs. James Southern, of this city. No arrangements have been made for the funeral.

ACCIDENT DESTROYED REASON.

William Lupton Saw Man Killed and Was Crazy by the Sight.

The following pathetic story concerning Engineer William Lupton, once well known to Wabash trainmen, who died at Longcliff hospital August 4, was published in the Logansport Pharos:

"Several years ago William Lupton was a railroad engineer, and was regarded as one of the most efficient runners on the road where he was employed. Prosperity smiled upon Mr. Lupton and his family and their share of the world's pleasure were enjoyed. Then came the first reverse. One day as Mr. Lupton was taking his big passenger locomotive back to the round house after his daily run he ran over a man. The engineer leaned out of his cab window just as

the big driver passed over the body. With the face upturned the engineer looked down into the eyes of his victim. There was something in those big eyes which caused the engineer to jump back in the window, and ever since they seemed to haunt him, both in waking hours or when asleep. Then his mind began to fail and less than a year ago he was declared of unsound mind.

"Mr. Lupton was sent to Longcliff where there was little hope expressed for his recovery, and where he remained until death claimed him. Mrs. Lupton and her two children stayed in Wabash, the mother being obliged to earn their daily bread. For about four months the little family managed to keep together, until another deplorable thing occurred. Mrs. Lupton was taken ill. For some time she hovered between life and death, finally passing to the great beyond, surrounded by the great young children. Arrangements were made to send the remains to Illinois, where the Luptons spent their happiest days, and when all the necessary plans had been completed the corpse was placed aboard a Wabash train and sent west, the children alone accompanying their mother's lifeless form. They are still being cared for by relatives."

MASSIVE ELECTRIC LIGHT.

Lackawanna Installing Greatest Single Fixture Light in World.

The most powerful light ever produced from a single fixture will soon illuminate the Hudson river from the tower of the new Lackawanna station at Hoboken.

The exterior lighting of the new station will include some strikingly novel features, as well as good examples of signs and outline work. The large sign, "Lackawanna Railroad," on the water front of the building, is made up of letters nine feet high. The arches of the ferry slips are outlined with incandescent lamps. The most striking feature of the exterior lighting, and one which will make this tower the most conspicuous object at night on the entire North river water front, will be a cluster of forty-nine flaming arc lamps, which will be arranged in series within a single globe six feet in diameter, each arc consuming sixteen amperes at 2,300 volts. It is estimated that a candlepower of 1,500,000 will be reached. This will unquestionably be the most powerful light ever produced from a single fixture. The globe will be suspended from the upper part of the tower. Besides being a most impressive spectacle, this experiment will prove of no little commercial value in demonstrating the possibility of lighting large open spaces with exceedingly high candle power placed at a proportionately great distance above the illuminated surface.

CHANGE OCCURS TOMORROW.

Auditors Coming to Check Out Douglas and Install Shorey.

The Wabash and the C. & D. traveling auditors will be here tomorrow to check up accounts with Robert F. Douglas, the retiring assistant ticket and passenger agent, and install William H. Shorey in the office. Mr. Douglas expects to leave the city tomorrow night for Los Angeles, Cal., his future home. As stated by The Sentinel a week ago, Mr. Douglas has accepted a responsible position in the city ticket office of the Southern Pacific road in that city.

PLENTY OF WORK FOR EXTRAS.

The extra engineer and fireman on the Pennsylvania has no occasion for complaint on account of scarcity of work at present. Instead he is inclined to "kick" because of the great demand for his service. This state of affairs is due to the unusual number of men who are off duty on account of sickness or for other reasons. New names on the absentee list this morning were Engineer T. R. Hunt, wrist sprained, and Engineer F. Archer, C. A. Ault, W. F. Biedeweg, F. Sellers

and S. R. Smith, who are sick. There were several others off duty for unassigned reasons.

TO USE BUT LITTLE SCRIP.

If any scrip is issued from the Pennsylvania pay car upon its visit here next week, it will be in small quantity to the individual employee. All whose wages are \$55 or under will receive the full amount in cash and those whose earnings are more than \$55 will be paid 75 per cent. in cash and 25 per cent. in scrip. The banks and trust companies will receive the scrip at par and there is no reason for complaint on the method of disbursing wages in Fort Wayne.

INSPECTING FACTORY BOILERS.

Boiler inspectors representing the Hartford Insurance company are inspecting the boiler plant at the new lamp factory of the General Electric works on Holman street today and steam was turned on the building for the first time this afternoon. This delay was due to the late arrival of the inspectors, who must pass upon the boiler plant's condition before the factory could be opened to business in its entirety. The move into the factory will commence in earnest Friday and it will soon be in full operation.

CAR REPAIRMEN ON SHORT TIME

Instructions were issued yesterday to reduce the working hours of the employees in the Pennsylvania car department from fifty-five to forty-five hours per week. The employees in locomotive work, who are working fifty-five hours per week, are not affected by this order. It is believed the short hour rule will be in force only a short time, as there is now lots of work on hand and later there will be much more.

FIVE MEN PROMOTED.

Pennsylvania Business Demands Greater Force of Trainmen.

To meet the growing demands of the transportation department of the Pennsylvania another increase in the number of freight conductors was made yesterday. The men promoted are W. F. Roush, H. A. Little, D. R. Shaner, C. R. Johnson and E. F. Tancey, who have been employed as brakemen or flagmen on the road for some time.

ARM PAINFULLY BURNED.

Mrs. Lynch, wife of Engineer E. J. Lynch, of the Grand Rapids and Indiana road, was severely burned about the arms and body last Monday morning by the explosion of a gasoline stove. Though still suffering severely, she is improving and her complete recovery is expected.

BOOK OF RULES SC-100L.

Trainmaster C. E. Wells, of the Wabash, is conducting a school in the book of rules in a coach located in the yards at the shops and is examining every employee who is supposed to be informed in such matters. This school is held here every fall and spring.

SHIPPING ENGINE TO CARTERET.

An engine and its appurtenances, making a full car load, left the Bass works this morning for Carteret, N. J. It will be installed in the power plant of the International Phosphate company, a company that has purchased a good deal of machinery of the Bass works.

SOME UNFORTUNATE SHOPMEN.

Machinist Albert Holzworth, of the Pennsylvania shops, had his right eye badly burned last night by a hot scale of iron. He will be unable to work for a few days, though it is thought the sight will not be injured. Other unfortunate shopmen are H. T. Mills, toolroom keeper; Machinist F. G. Logan and C. J. Kierspe, who are sick.

INDUSTRIAL NOTES.

H. F. Barker and Fred A. Vegeler are new lumber handlers at the Pennsylvania shops.

Boiler Foreman B. F. Sarver went to Pittsburg last night on business for the Pennsylvania company.

Machinist J. H. Nolan resumed work at the Pennsylvania shops this morning. He was sick several days.

Machinist Barney Weaver, of the Pennsylvania shops, is off duty today on account of the sickness of his wife.

W. F. Mennewisch, of the Pennsylvania store room, is in the western part of the county shooting quail today.

Chief Clerk W. L. Will, of the Pennsylvania motive power department, has returned from a business trip east.

Agent A. L. Gilbert, of the Wabash, resumed active duties this morning after a few days' visit in Attica, his old home.

Mrs. Mary O'Ryan, the mother of Pennsylvania Passenger Engineer J. O'Ryan, will go to Chicago tomorrow to visit friends a few days.

J. D. Tremple, night caller at the east yards of the Pennsylvania, has been transferred to the same position down town, the change being in the line of promotion.

Mrs. E. M. Denry shipped her household goods to Shawnee, Okla., yesterday and she will follow in a few days to join her husband, who went there some days ago.

Teddy Michaels, machinist at the Electric works, and William Horning, went to Tippecanoe on the Nickel Plate last night to spend a few days hunting quail and other game.

A. K. Dorr, Pennsylvania caller, went to Chicago this morning to join the pay car and act as identification clerk for the trainmen who will receive their wages along the line.

David Case, of the Nickel Plate, and his wife are entertaining their nephew and niece, Mr. and Mrs. Charles Cornwell, of Olean, N. Y. Mr. and Mrs. Case reside at 1538 High street.

Harry Coggschall, of the Pennsylvania round house, is getting ready to visit his uncle at Richmond, Ind., the latter part of the week. The uncle is soon to return to the old country to reside permanently.

Mrs. Gus Rogge, wife of the Wabash shopman of that name, will return from Chicago tonight, accompanied by her mother, Mrs. Mary Kuniz, who will remain here several weeks.

Charles Durnell, a son of Engineer

Chester Durnell, of the Pennsylvania, has taken employment with the company as a fireman. Since he graduated from Purdue, Charles has been with Architect Bradley in Indianapolis.

Two more locomotives, Nos. 2057 and 2058, from the Rogers Locomotive works, arrived at the Wabash shops this morning and are having their parts adjusted and made ready for service.

Miss Edna Hyde, who lost both legs in a railway accident at Lima, Ohio, last Friday, is getting along nicely and will live. The others injured at the same time are also recovering and will get well.

Mrs. Charles Schoup, whose husband is the well known Pennsylvania machinist of that name, attended a celebration of the fiftieth wedding anniversary of her father and mother at Port Huron, Mich., today. Mrs. Schoup will remain in Port Huron a week, visiting her parents and other relatives.

Thirteen Wabash brakemen were promoted to conductors last Monday and an equal number of men who had been on the brakemen's extra list were advanced to regular positions and new men taken on to fill the vacancies in the ranks of extra men.

N. Crisswell, laborer at the Pennsylvania shops, has been transferred to the tool room to work at night.

Machinist E. T. Quinn, late of the B. & O. shops, but an old Fort Wayne boy, took a position at the Pennsylvania erecting shop this morning.

A. C. H. & D. bulletin announces the transfer of Traveling Agent J. C. Mullen from the freight to the passenger department of that line. Mullen has been coming to Fort Wayne soliciting freight business for the company for several years and he will continue the visits, though in a different capacity.

J. Emerick, a stationary fireman, resigned his position at the Wabash shops last night and this morning the vacancy was filled by L. L. Burgett. Machinist F. M. Redmon and Machinist's Helper C. A. Repline also resigned positions at the Wabash shops last night.

J. C. Melenbacher, traveling passenger agent of the Nickel Plate, is in the city today. Mr. Melenbacher was on a train at Fostoria this morning when the explosion detailed in The Sentinel's telegraphic columns occurred. The explosion, although many miles from Fostoria, was plainly heard there.

Will Strawbridge, of 1019 East Wayne street, went to Bucyrus, Ohio, this morning to attend the funeral of his grandmother, Mrs. John Strawbridge, which takes place at 2 o'clock tomorrow afternoon in that city. Mr. and Mrs. Joseph Slater, of 421 Bass street, will go to Bucyrus tomorrow to attend the funeral.

A sidereal on Nickel Plate engine No. 168, which was bringing train No. 4 here yesterday afternoon, broke at Hobart and was totally disabled. Engine 170 was sent out from Stony Island to relieve the crippled and she brought the train in over three hours late. The train was due here at 7:55 and it did not reach the city until 11 o'clock.

Mr. and Mrs. Bert Carpenter, of Saint Ste Marie, are visiting at the home of Assistant Trainmaster W. A. Richardson. The visitors formerly resided in Fort Wayne and have a wide circle of acquaintances here who will be pleased to meet them. He was employed in the Pennsylvania freight house before he went north, several years ago.

Two of the Pennsylvania tracks were blocked two hours yesterday by the derailment of several cars at the Wabash crossing on Hanna street. Fortunately the center tracks were clear and traffic was not greatly interrupted. This is the first time the Pennsylvania has had an accident at that point for several months, though the Wabash or the C. & H. & D. have one to three derailments there a month.

E. L. Bates has taken employment with a Chicago firm and will have headquarters at Kankakee, Ill., where he will move his family. Mr. Bates has resided in Fort Wayne a quarter of a century and a good portion of that time was spent in the employ of the Pennsylvania. He had charge of the company's pile driver and steam shovel and later took a similar position with the Wabash.

Brakeman Roy Weaver, residing in Peru and employed by the Wabash, had his left foot cut off by car wheels in the Montpelier yards last Monday. He was helping the crew of which he was a member shift some cars and he fell from one of them and alighted on the track in such manner that the left leg went under the wheels. He was taken to the company's hospital at Peru where he is reported to be getting along nicely. Mr. Weaver has been employed on the road several years.

The Pennsylvania is getting ready to make a series of coal tests to determine the best fuel and from whence it comes for the modern locomotives. Bins for weighing the coal are being erected at the docks in this city and accurate account of the fuel delivered to each locomotive will be kept and a record of the results made. These tests have been assigned to E. T. Brock, who will be assisted in them by Special Apprentices Peter Goda, Harry Cook, Walter Jones and L. A. Schirmeyer.

FEARFUL DEATH RATE ON INDIANA RAIL CROSSINGS

State Railroad Commission Issues Letter Warning Roads.

Indianapolis, Nov. 12.—The Indiana railroad commission, in a circular to the railroads doing business in Indiana, issued yesterday, sounds a warning for failure upon the part of engineers to signal at grade crossings and failure on the part of the roads to keep grade crossings in proper care, two things which, the commission says, if properly attended to, will lessen the fatalities at grade crossings. Twenty-eight people were killed on grade crossings in Indiana during July, August and September. The circular was written by Judge W. J. Wood, who says for the commission: "Our inspectors report that many of the crossings are not in good repair. We recommend to the companies special instructions to roadmasters and supervisors to put these crossings in first class shape. "Reliable information reaches us that some of the engineers fail to give the station signals at these crossings. Some engineers whistle loud and clear and others give such short and imperfect blasts that they can not be well heard, and, therefore, do not give adequate warning. We request managers and superintendents to issue special instructions as to the manner of giving these signals, and, in order that engineers may be fully informed of and therefore, not subject themselves to the severe penalties of the law, we think their attention should be called to the statute bearing on this subject:

"Burns statutes, section 2299. Whoever, having charge of a locomotive engine upon any railroad, fails or neglects when such engine is approaching any road crossing to sound the engine whistle at a distance of not more than one hundred nor less than eighty rods from such crossing, shall be fined not more than \$50 nor less than \$10; and if any person be injured or killed by reason of such failure or neglect, he shall be imprisoned in the state prison not more than fourteen years nor less than two years. But nothing herein contained shall be so construed as to interfere with any ordinance or by-law that has been or may be passed by any city or town regulating the management or running of engines or trains within such city or town.

"By order of the commission.

TOBACCO KILLS

An Absolute "Stopper" for the Brain Killing, Nerve-Destroying Tobacco Habit Has Been Found.

Send for a Trial Treatment Today.

The tobacco habit is a curse, and every man knows it. Some "smart kids" don't know it. Most men would like to quit, if they knew they could do it "easy," without causing them discomfort.

The Start.

You know what the finish will be unless you cure him of the awful habit. He cannot do it himself.

Tobacco deadens the brain, stupefies the conscience, ruins the affections, bridges the heart to the surface. Most tobacco users are the last ones in the race for success. Business men nowadays are looking around for men and boys who are not tobacco slaves—for clear-headed, strong-minded helpers, who can be relied on.

It takes only ten minutes for tobacco to change the basis of the heart. To keep it up is to tempt death by heart disease, nervous collapse, tobacco cancer, and stomach, liver or kidney diseases.

For the young cigarette fiend who has become so caloused that he smokes in the face of his mother, sister, wife or sweetheart, "Easy-To-Quit" is a salvation.

Mothers, save the young smoker's brain, he cannot do it himself. Wives, sisters and sweethearts, help save the mind, body and future of some one who is near and dear to you. Without your help it may not be done.

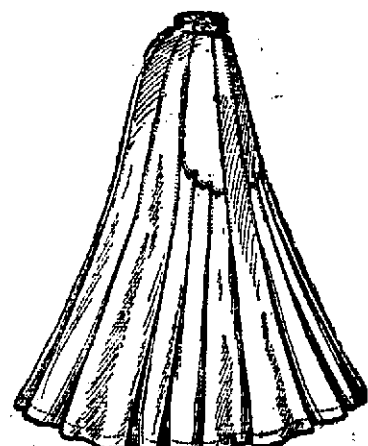

"Easy-To-Quit" is a positive, absolute "stopper" for any tobacco habit. It is a vegetable remedy, and any lady can use it secretly in food or drink. It is harmless; leaves no reaction or bad after effects, and it stops the habit to stay stopped.
